Hardware Installation

The EZCast Pro dongle is compatible with MHL interface, so there are 2 ways to connect with EZCast Pro dongle with your receiver devices like TV, Monitor or Projector. Use the switch to choose HDMI output or MHL output, please be noted your MHL device must provide 900mA power, and if you use HDMI out, you will need external 5V/1A DC power to bring up the dongle.

MHL out:

Plug into MHL port
directly to use it
directly.

HDMI out:

* Use external DC
power, and make sure
you're your USB DC
power can provide 1A
current.

App Installation

- IOS and Android users:
 - Please search “EZCast Pro” in Apple’s App Store or Google Play and install it.
 - Or Use the QR scanner app to scan the QR code on EZCast Pro dongle’s main page.

*Supports iOS7 and Android 4.0 above

- Windows and Mac OS users:
 - Please download it from our official website: www.iezcast.com or www.iezvu.com

*Supports from WinXP/Vista/7/8.1, and Mac OS 10.9 and after.

Get Started

- Enter your NB/PC/Smartphone/Tablet's WiFi setting, and find the SSID (EZCastPro_xxxxxxx) and connect with it.
- Open EZCast Pro app on your device.
- The Normal mode will be only working when you connect with EZCast Pro hardware.
- Under Offline mode, there will be only few features to be used before you connect with the device.

- Now you can try all these app features with EZCast Pro!!
