

BDSYSTEMS®

February 19, 2016

Dear Processor,

This application is to support the certification of the Colder IndentiQuik module, FCC ID: 2ADGF-CLDRIDQK. IndentiQuik coupling technology, which incorporates RFID (Radio Frequency Identification) to quickly disconnect coupling to help control and protect fluid material. The RFID read/write module is used in conjunction with, 13.56 MHz RFID tags. The frequency is not adjustable. The RF power output is 200mW and the communication range is 0.50" – 1".

This application is for original certification. The subject device was tested and found compliant to FCC 15.225:2014.

Sincerely,
Steve Wardle
