

A photograph of a square microchip mounted on a blue printed circuit board (PCB). The chip is a dark, textured square with a white rectangular box overlaid on its top-left portion. The text "Label Location" is centered within this box. To the right of the chip, the PCB features a large, yellow, meander-like pattern. Printed on the PCB are the labels "C18" and "A1" in white. The chip itself has some faint markings, including "2002" and "1000".
