Size:115x160mm

7199-47 Greedo Bluetooth Speaker - Instruction Manual

Specification

1 Working voltage:3.4—4.2V

2 Charging power supply: DC5V/500MA
   (Battery indicator LED is red when charging. Turns off when fully charged).

3 Low power warning: When voltage is lower than 3.5V, two beeps will sound
   and LED battery indicator light will flash blue. Before shutting down, beeps
   will become more frequent.

4 Speaker functions via Bluetooth and Line-In mode
   Bluetooth working range ≤10M
   Speaker functions via the included 3.5mm cable when connected to device.

Operation

Turn on speaker vis the switch located on the bottom of the device.
Speaker will default to Bluetooth mode when switched on without the 3.5mm cable
connected. The LED indicator light will flash blue indicating the device is in pairing
mode.

A. Bluetooth Mode - Pair to "Greedo":
 1. The blue flashing LED indicator indicates pairing mode. Once a connection with
    media device is established, the flash will slow, remaining blue.
 2. "-" Button: Short click skips to previous track. Press and hold to decrease volume.
 3. " ⊳‖ " Button: Pause/play music/answer incoming calls with a short click.
 4. "+" Button: Short click to next track. Press and hold to increase volume.

B. 3.5mm Line-in mode:
 1. Insert one end of included 3.5mm cable to Line-in port, connecting other end
    to device's Line-in port. (LED is stable blue light. Line-in function does not
    support answering of incoming calls).
 2. " ⊳‖ " Button: Short click to pause/play music
 3. "-" / "+" Button: decreases/increases volume.
