#### Pair the wireless earbuds with your mobile device

- Keep the distance between the earbuds and mobile device within 32.8 feet.
- De-activate the Bluetooth function on your mobile device.
- Take both earbuds out from Charging case and wait for 3 to 5 seconds for auto pairing. The earbuds have indicator blinking alternately in Red and Blue. One of the earbud will be blinking in Blue slowly when auto pairing is done successfully.
- Activate the Bluetooth function on your mobile device and select "ANC TWS" from the list shown.
- After pairing is successful, both earbuds will start blinking slowly in blue.

**\*Attention:** If the auto pairing is not successful, manual pairing between earbuds is essential by following below procedures:  

- Make sure the earbuds are charged.
- De-activate the Bluetooth function on your mobile device. (If you had been paired the earbuds to some other mobile device(s) nearby, please sure to de-activate those device(s) too).
- Power on both earbuds simultaneously by touch and hold the Touch control area for 3 seconds and wait for 3 to 5 seconds for auto pairing. (Keep the Bluetooth function off on your mobile device before this operation.)
- Activate the Bluetooth function on your mobile device and select "ANC TWS" from the list shown.
- After pairing successfully, both earbuds will start blinking slowly in blue.

#### Reconnect the wireless earbuds to your mobile device

When powered on, the wireless earbuds will automatically connect with the last successfully paired device.

#### Disconnect the wireless earbuds from your mobile device

Switch off the Bluetooth on your mobile phone; or  
Leave the earbuds 60ft away from your mobile phone or further.
