#### 4.2. Pairing to Mobile phone or other device

To use your Bluetooth headphones, you must first pair your headphones with a mobile phone or other Bluetooth device. Once your Bluetooth headphones is paired to a specific mobile phone, they will remain paired and automatically recognize each other whenever they are within range.

#### Pairing to a phone and Entertainment:

- Turn on your phone and ensure the Bluetooth function is activated.
- Turn on the headphones, enter the pairing mode.
- Search your Bluetooth devices on your phone by following the phone's instructions. Refer to your phone's user manual for more information.
- After a few seconds the phone will list the "BT OCTAVE HP" as a discover device. Select it and follow your phone's instructions to select this pairing.
- Your phone will confirm the pairing, and then press Yes/Ok.
- Finally, select to connect with Octave Wireless Headphones from your phone.

4

#### 4.3. Charging your headphones

Use the Micro USB cable accessory provided with this headphones. Connect the Micro USB plug to the Micro USB charging port on the headphones positioned at ① in headphones diagram on page 2. Connect the USB plug to a USB port on a computer or wall adapter to activate charging.

\*\*Make sure to keep the headphones charging for a minimum of 6 hours before initial use.

#### Warning:

- You must select a qualified charger from a regular manufacturer.
- You must charge the Bluetooth headphone if it has been not used for more than 12 months.

### 7. FCC Statement

FCC STATEMENT  
1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference.  
(2) This device must accept any interference received, including interference that may cause undesired operation.  
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
- Reorient or relocate the receiving antenna.  
- Increase the separation between the equipment and receiver.  
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
- Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:  
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC ID: 2ADM5-HP-0389
