Reconnect wireless speaker to your mobile device

When powered on, the Bluetooth speaker will automatically connect with the last
successfully paired device.

Charging your wireless speaker

⚠ For your safety, please always use appropriate 5V input charger/Adapter to charge the product.
DO NOT USE Quick Charging USB Adapter to charge the product, as it might damage the product.

1. Use the Micro USB cable provided with this wireless speaker.
2. Connect the Micro USB plug to Micro USB charging port on the speaker, then
   connect the USB plug to a USB port on a computer or wall adapter to begin charging.
3. The light will turn red while charging and will turn off once fully charged.

NOTE:
• You must select a qualified charger from a regular manufacturer.
• You must charge the wireless speaker if it has been not used for more than
12 months.

3.5 mm Aux-in Cable Included
Micro USB Charging Cable Included

⚠ Safety instructions for the lithium battery and charging the product

- The input voltage to the product is 5V 1A.
- In order to charge the product in safe manner and reliable
  conditions, please only adopt certified appropriate charger/
  adapter for charging the product.
- Only charge the product at ambient temperatures between
  10 deg °C/ 50 deg °F and 40 deg °C/104 deg °F.
- Do not heat above 70 deg °C/158 deg °F, e.g. Do not expose to
  sunlight or throw into fire.
- Switch off the product after use.
- Please note that we won't take any responsibility for any
  wrong operation (e.g. Voltage higher than 5V) as this may
  result in severe injury or loss of property, and we cannot
  control the operating process during the time the user using
  this product.
- In extreme cases, abuse or misuse of Lithium battery pack can
  lead to explosion, heat generation, fire development or smoke
  development.

FAQ

♦ **If the Wireless speaker cannot be paired with your device,
  please try the following:**
  Ensure that your speaker is in pairing mode or reconnection mode.
  Ensure that Bluetooth search function of your mobile device is activated.

♦ **If the Wireless speaker cannot be recharged:**
  If you use a power outlet, ensure that the power supply is connected securely
  and the outlet works. If you use a computer, ensure that it is connected and the
  USB port is powered.

FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject
to the following two conditions:
(1) This device may not cause harmful interference.
(2) This device must accept any interference received, including interference
that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible
for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits
for a Class B digital device, pursuant to Part 15 of the FCC Rules. These
limits are designed to provide reasonable protection against harmful
interference in a residential installation. This equipment generates uses and
can radiate radio frequency energy and, if not installed and used in
accordance with the instructions, may cause harmful interference to radio
communications. However, there is no guarantee that interference will not
occur in a particular installation. If this equipment does cause harmful
interference to radio or television reception, which can be determined by
turning the equipment off and on, the user is encouraged to try to correct the
interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to
which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
