

Hello, thank you for choosing Mira!

Here's what you need to get started: Your new Mira tracking device, your charger and your iPhone*. You can put the bracelet to the side for now.

Ready? Let's get moving!

- Plug the charger into a USB port.
- Place the tracker on the charger.
- When the tracker says, "mira," you know it's awake—but wait until it is fully charged to take it off of the charger.

In the meantime... Grab your phone & setup the app:

- Download the free Mira app from the app store—you need to do this before you can use Mira.
- Open up the app and follow the onscreen guide to setup your profile.
- Visit www.MyMiraFit.com to complete the setup process and learn more about all of the wonderful things you can do with Mira.

Have fun!

Federal Communications Commission (FCC) Statement FCC STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC CAUTION

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Safety Statement

Read these instructions. Keep these instructions. Heed all warnings. Follow all instructions.

Please note: All safety instructions and cautions apply to both the tracker (Mira) and the charger that shipped with it.

Do not attempt to open the tracker. Substances contained in this product and/or its battery may damage the environment and/or human health if handled and disposed of improperly.

Do not tamper with your Mira.

Do not use abrasive cleaners to clean your Mira.

Do not place your Mira in a Dishwasher, Washing Machine or Dryer.

Do not expose your Mira to extremely high or low temperatures.

Do not use your Mira in a sauna or steam room.

Do not leave your Mira in direct sunlight for an extended period of time.

Do not leave your Mira near open flames.

Do not dispose of your Mira in a fire. The battery could explode.

Do not attempt to disassemble your Mira, it does not contain serviceable components.

Never allow children to play with the Mira; the small components may be a choking hazard!

Built-in Battery Precautions

Do not attempt to replace your Mira battery—it is built-in and not changeable.

Change the battery in accordance with the instructions supplied with this guide.

Use only the charger that shipped with this product to charge your battery.

Do not attempt to force open the built-in battery.

Disposal and Recycling Information

The symbol on the product or its packaging signifies that this product has to be disposed separately from ordinary household wastes at its end of life. Please kindly be aware that this is your responsibility to dispose electronic equipment at recycling centers so as to help conserve natural resources. For information about your recycling drop off point, please contact your local related electrical and electronic equipment waste management authority or the retailer where you bought the product.

Do not dispose of the Mira or its charger with household waste. Batteries are not to be disposed of in municipal waste stream and require separate collection.

Disposal of the packaging and your Mira should be done in accordance with local regulations.

Please recycle!
