

## B R Y D G F 9.7

## IMPORTANT:

Your Brydge 9.7 is set up for the iPad Air 2 and the iPad Pro 9.7-inch

If you have an iPad Air 1, you will need to use the second set of shims provided in the box (located next to the Micro USB)

TO REPLACE: Remove the current shims, and pick away any large tape residue

> NOTE: It's not necessary to remove everything, just the bigger bits

Remove tape backing from front and back of new shims, and line up where the previous ones were. Insert into hinges

NOTE: Ensure the shim is pressed firmly against the bottom of the hinge

Place your iPad into the hinges with the home button on the right, and your Brydge placed on a flat surface

Lift iPad to test the hinge grip. Your iPad and Brydge should be held tightly together

If iPad is loose, remove and give the hinges a gentle squeeze. Repeat this process until your iPad is held firmly

To remove, grab your iPad and pull straight up, with one hand firmly holding your Brydge against a hard surface

will illuminate

Press and hold the Bluetooth™ key for 3 seconds. The power key will flash blue until Bluetooth is successfully paired

NOTE: The power key will illuminate for 2 seconds to let you know the Brydge is powered on

To power off: Press and hold for three seconds. Key will turn green, then flash red twice to indicate Brydge is powered off

To check battery life, press and hold the battery key for three seconds Power key will flash: One time = 25% Two times = 50% Three times = 75%

Four times = 100% Power key will flash red when the battery is below 14% and needs charging

Insert the supplied MICRO USB cable

Power key will be illuminated red while charging, and is fully charged when the light turns off
