- ⑤ Touch screen
- ⑥ Charging contact
- ⑦ Heart rate Detection
(only for Pro version)

★ In order to activate and access weather information, call and SMS reminder and other functions in GEAK Watch II, we strongly recommend pairing it with your Android/iOS smartphone.

For Android phones:

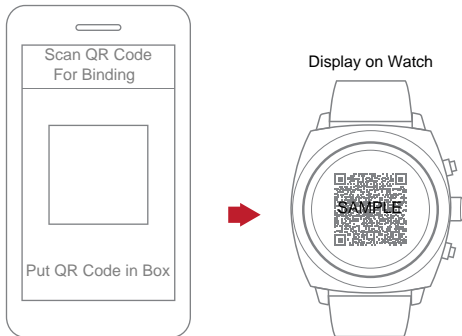

Please use your phone's QR reader to scan the graphic below and download and install phone the "GEAK Sync" App.

Click "Quick binding" App in the application list of your product and follow prompts to connect them. Some other Apps of your watch may also offer a syncing prompt. The GEAK is currently compatible with Android (version 4.0.3 and above)

After installing "GEAK Sync" App, execute steps below:

Run " GEAK Sync" App and sync your watch by scanning the QR code that came with it.

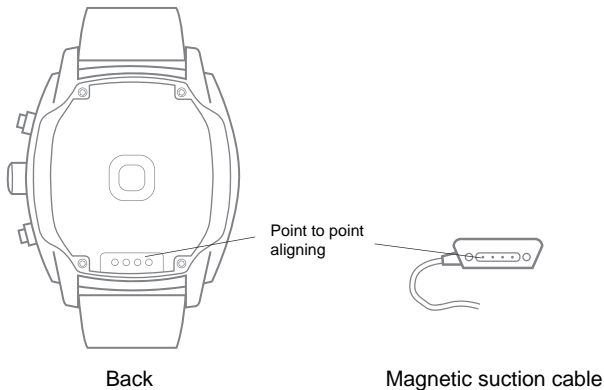

For iOS phones:

The iOS app for GEAK is still awaiting approval from Apple, but you can still sync with your phone via Bluetooth.

Open the Syncing graphic of your watch and select iOS device.

Choose "Set" and "Bluetooth". On your phone, switch on Bluetooth and look for "GEAK Watch" to connect. Once the connection is successful, you will be able to receive notifications from your phone on the GEAK Watch II. The GEAK is currently compatible with iOS version 7.1.2 and above.

When charging, please naturally align and attach the metal component of the magnetic suction cable to the rear charging contact on your watch and then switch on the power supply. (The watch is an enclosed unit and the battery is dedicated to GEAK equipment; any attempt to remove or replace the battery may damage your product.)

Software upgrades for your GEAK Watch II can be downloaded via Wi-Fi or through the PC software GEAK Sync. Updates will be released regularly to keep your GEAK running at an optimum.

If you have any queries about using GEAK Watch II, you may contact us on our website igeak.com or calling the service representative.

FCC

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

IC

- English:

This device complies with Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

- French:

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
