

<p>WELCOME</p> <p>Thank you for choosing our products. The Bravo-B1 wireless earphone has a fashionable design, powerful functions, and high compatibility, providing you with hands-free convenience in making calls and listening to music.</p> <p>PACKAGE CONTENT</p> <p>1 x Bravo-B1 Wireless Earphone 1 x USB Charging Cable 4 x Earbuds 4 x Ear Hooks 1 x User Manual</p> <p>WIRELESS TECHNOLOGY</p> <p>With the wireless technology, you can connect earphone to its compatible communication devices without using cables. The wireless connection allows you to use a cell phone without holding it against the earphone, but the maximum distance between them cannot exceed 10 meters (Distance between open areas can be increased). The wireless connection may be interfered by obstacles (such as walls) or other electronic devices.</p> <p>In some areas, use of the wireless technology may be subject to some constraints. Please consult your local authority or service provider for details.</p>	<p>HOW TO USE</p> <p>1. Charging 1) Connect the charging port with any USB charging adapter or active computer USB port. 2) Charging will start automatically with LED indicate red. 3) The earphones are fully charged when LED indicate blue.</p> <p>Note: Make sure the battery is fully charged before putting the earphones away for storage. Charge the earphones at least once every 3 months when not using for a long time.</p> <p>2. Pairing 1) Make sure the earphones and your BT device are next to each other (within 10 meters). 2) The first time you use the earphone, press the multifunction button until the LED indicator flashes red and blue alternately. Now the earphones are in pairing mode. 3) Activate BT function on your phone and search for the nearby wireless connection: Find "TECNO-Bravo-B1" in the search results. Tap on the name to connect. Once connected, blue LED will flash. 4) If you have paired your device with the earphones before, remove "TECNO-Bravo-B1" from the BT device list and pair again.</p> <p>Note: 1. The wireless earphones can remember previous paired devices. 2. If the earphone cannot pair with your BT device, Press and hold the multifunction button (when the earphone is off) for 10 seconds until the LED indicator flashes purple twice to clear the pairing history. Then restart the earphone to pair again.</p>	<p>OPERATION AND FUNCTIONS</p> <table border="1"> <tr> <td>Power On</td> <td>Long press the multifunction button for 1-2 seconds</td> </tr> <tr> <td>Power Off</td> <td>Long press the multifunction button for 3 seconds</td> </tr> <tr> <td>Pairing</td> <td>Long press the multifunction button for 4-5 seconds to enter pairing mode</td> </tr> <tr> <td>Volume +/-</td> <td>Short press the volume +/- button</td> </tr> <tr> <td>Next Track / Previous Track</td> <td>Long press the volume +/- button</td> </tr> <tr> <td>Play / Pause</td> <td>Press the multifunction button once</td> </tr> <tr> <td>Answer / Hang up a Call</td> <td>Press the multifunction button once</td> </tr> <tr> <td>Reject the Incoming Call</td> <td>Long press the multifunction button for 1-2 seconds and then release</td> </tr> <tr> <td>Phone Mute</td> <td>1.
