12020 113th Ave NE, Suite 210
Kirkland, WA 98034

January 26th, 2015

Application for Certification of i1 Sensortech Inc Frequency Hopping Spread Spectrum
Transceiver under 46 CFR 15.247
Model: S0001 FCC ID: 2ADZF-S0001

To whom it may concern,

i1 Sensortech, Inc requests FCC approval for the model S0001 Side Line Receiver.

Part of i1 Sensortech's Impact Intelligence™ System, the S0001 is the base station Side Line Receiver establishing a ISM 900MHz radio link for receiving head impact data real-time from the system's Vector D0001 Vector Mouthguards.

The device functions at 902-928MHz and operates under FCC rules Part 15.247.

Sincerely,

Tom Nuxoll
Project Manager
