

## 8. SETUP PHOTOS

### X-Axis Setup for Radiated Emissions

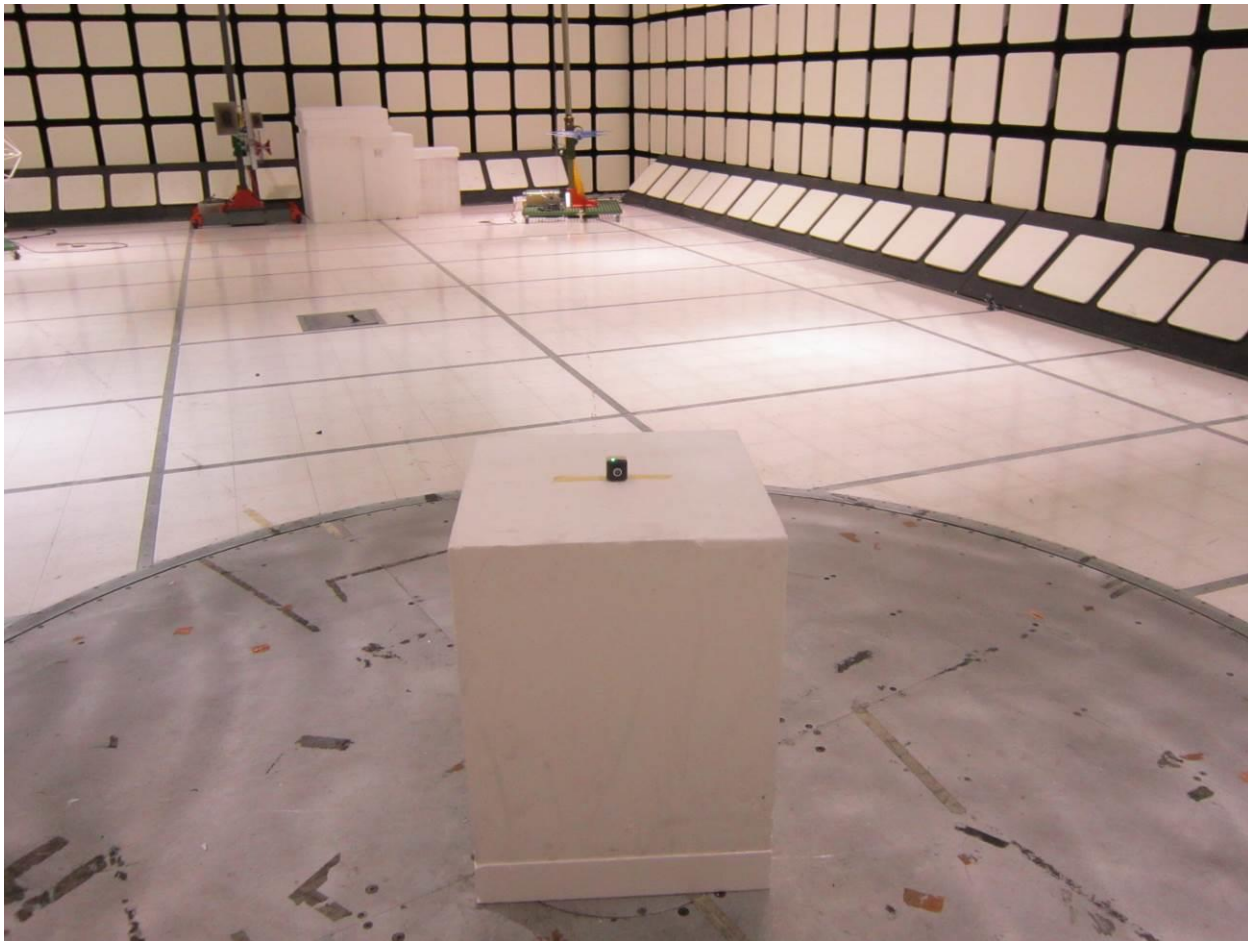

**Y-Axis Setup for Radiated Emissions**

**Z-Axis Setup for Radiated Emissions**

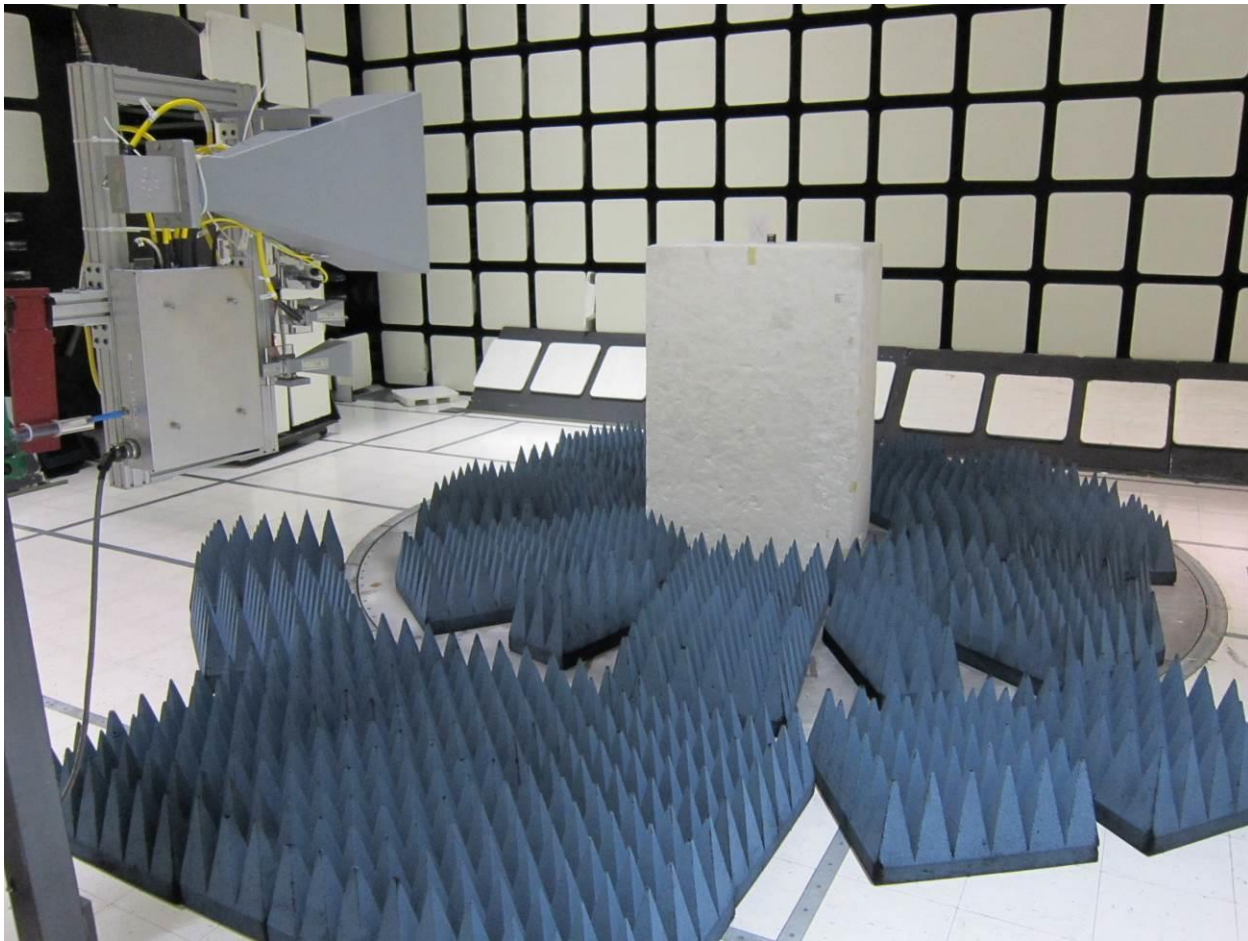

**Radiated Emissions 30MHz – 1GHz**

\* similar setup used for 9kHz-30MHz but the loop antenna would be in the middle of the room, 3m away from the EUT.

**Radiated Emissions 1GHz – 25GHz**

**END OF REPORT**
