B50504

A photograph of a laboratory or industrial setting. In the foreground, a wooden table with a white metal frame and casters is positioned. A small wooden sign with the text 'B50504' is placed on the table. The background features a wall with a grid of black cross-shaped markers. To the right, a red and grey piece of equipment is visible. The floor is a light-colored, polished surface.

8564E

Red tag with handwritten text, likely a label or identification mark.

Blue pen with 'PE' logo.

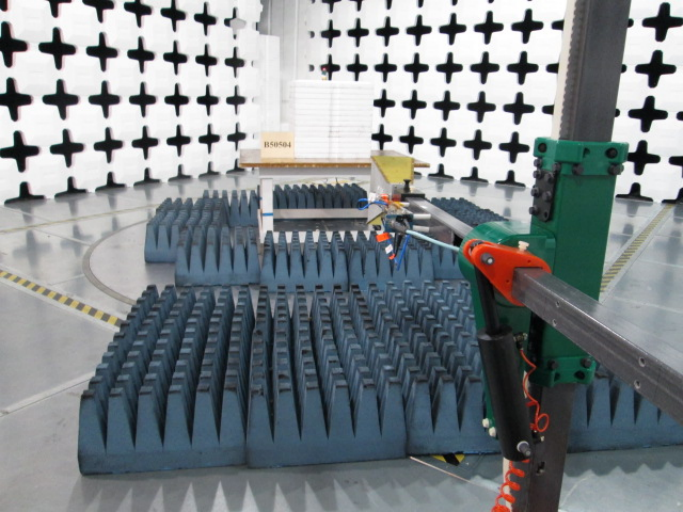

White paper with printed text, possibly a manual or test report.

White paper with printed text, possibly a manual or test report.

Spiral notebook with a diagram on the page.

A stack of approximately 12 white, rectangular, porous-looking samples is placed on a wooden table. The table is supported by a white metal frame with blue accents and is on wheels. A small yellow and black striped marker is on top of the stack. A yellow sign with the text 'B50504' is on the table to the left of the stack. The background is a white wall with a grid of black cross-shaped cutouts. The floor is grey with yellow and black striped safety lines.
