Re: FCC ID 2AE6S-0948: Short and Long Term Confidentiality Requests

To Whom it May Concern:

Vlado L.L.C. ("Vlado") is hereby requesting confidential treatment for the Equipment Authorization for FCC ID No. 2AE6S-0948.

Vlado requests short term confidentiality for the following documents. See FCC Regulation Sections §§ 0.457 and 0.459. Please keep these documents confidential for at least 180 days after the grant date for FCC ID 2AE6S-0948.

1. User manual;
2. External device pictures;
3. Testing photos; and
4. Internal device pictures

These documents contain sensitive information and must be kept confidential until the marketing of Vlado's newest products. If the information were made public before the product's launch, Vlado would be unfairly disadvantaged.

Per FCC Regulations §§ 0.457 and 0.459, Vlado also respectfully requests permanent confidentiality for the following documents:

1. Block Diagram;
2. Device Schematics; and
3. Operational Descriptions.

Vlado does not share the information in these documents without a signed non-disclosure agreement, because they contain highly confidential trade secrets. Vlado would be severely

disadvantaged in the marketplace if this information were made known to the public even after the product is launched.

Please let me know if you have any questions.

Yours Truly,
