

# SBT3009 Multimedia Bluetooth Speaker

## **% Features**

### **&. Function description of buttons on the panel**

#### **' .Operation description of playing music via Bluetooth intelligent devices**

#### **(.AUX mode**

#### **) .Performance indicators**

## **% Features**

- 1.1) Playing music via Bluetooth;
- 1.2) Extended source of sound auxiliary input
- 1.3) The AUX mode in which various audio sources like CD/DVD/MP3/MP4/MP5 can be connected;

### **&. Function description of buttons**

- 2.1) volume control (VOLUME)
- 2.2) subwoofer volume control (bass)
- 2.3) Mode Selection "MODE": just press it to shift among the following 2modes:  
AUX input and Bluetooth;
- 2.4) "POWER" switch power
- 2.5) "LIGHT" switch light

#### **' .Operation description of playing music via Bluetooth intelligent devices**

- 3.1) Switch on the Bluetooth intelligent device to search for "SBT3009", and the default connection code is "0000";
- 3.2) When connected with intelligent devices such as cell phone, those buttons of the said product can be used to control certain connected intelligent devices.

### **4.AUX mode**

- 4.1) Select the AUX mode pressing the Mode Selection button (MODE)
- 4.2) Connect with various audio sources such as CD/DVD/MP3/MP4/MP5/Mbphone and computer via the 3.5mm audio connector(AUX)

### **5.Performance indicators**

Speaker unit: 2.75" /8ohm/10W x4 + 4" /4ohm/15W

Line input (AUX)

Frequency response: 20Hz - 20KHz

Signal to Noise Ratio: >70dB

Maximum input power: 250mV

impedance: 10Kohm

Power-supply voltage: AC~120V/60HZ

Power:18W

## **FCC STATEMENT :**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

**Warning:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## **RF warning statement:**

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
