

AXIS A4010-E Reader

Generic touch-free reader

AXIS A4010-E Reader without Keypad is a joint cooperation between Axis and ASSA Abloy designed to perfectly match AXIS A1001 Network Door Controller. The cost-efficient reader has no keypad and its small form factor enables easy placement. Two LED symbols give clearly visible feedback. The reader supports touch-free entry with most entry card formats, and is suitable for both indoor and outdoor installation. IP65 classification makes it ready for harsh environments.

- > **Designed to perfectly match AXIS A1001**
- > **Support for most smart card formats**
