

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to connect the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

#### **Caution**

Please read all warnings for your safety and optimal user experience. Please read and follow these instructions carefully and retain for your records.

1. Do not disassemble or throw into fire or water.
2. Do not expose to extreme weather conditions.
3. Do not place close to a magnetic strip or strip card as it could cause magnetic failure.
4. Please keep charger a safe distance of at least 80cm from any implantable medical devices to avoid medical device interference.
5. This is not a toy and should be kept away from children.
6. In the case of the device overheating, please disconnect immediately.

Please note that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Cygnett takes no responsibility for damages caused by incorrect use of its products. Made in China.

<b>A</b>	Wireless charging output
<b>B</b>	USB-C connector
<b>C</b>	Built-in kickstand

### Charge Your Device

Recharge your device\* by connecting the USB-C connector into a compatible USB-C charger, then attaching the wireless charging output onto the back of your device or MagSafe compatible case. Your device should begin to charge automatically.

To open the built-in kickstand, firmly press the centre of the kickstand.

\*Compatible with iPhone 12 and iPhone models that support MagSafe technology. For optimum charge speed, ensure you are using a charger that is capable of outputting 18W.

### Product Specifications

<b>Name</b>	ExoMag Cable
<b>Item Number</b>	CY3936CYMCC
<b>FCC ID</b>	2AEDZCY3936CYMCC
<b>Input</b>	5.0V-2.0A (10.0W), 9.0V-2.0A (18.0W Max)
<b>Wireless Output</b>	5.0W, 7.5W, 10.0W
<b>Total Output</b>	10.0W Max
<b>Working Frequency Band</b>	TO BE CONFIRMED After evaluation, the product satisfied with RED Directive RF exposure required while used 20cm away from the human body.
<b>Max Output Power</b>	TO BE CONFIRMED
