Re: Cover Letter for FCC Application  
FCC ID: 2AEEGT  
Model: 4101

To whom it may concern,

Axonics Modulation Technologies, Inc is submitting the Implantable Pulse Generator (IPG) for FCC original certification (Model: 4101), a medical device, under the FCC ID Rule Part 95i.

The radio product is equipped with MedRadio transceiver. It operates at the 402 MHz to 405 MHz wireless spectrum.

The Implantable Pulse Generator (IPG) FCC ID shall be "FCC ID: 2AEEGT" and Model: 4101.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rinda Sama", is written over a horizontal line.
