

WIRELESS POWER BANK DIVISION 2, 5K mAh OBFTC-0152-A

United States:

FCC Compliance:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

FCC RF EXPOSURE COMPLIANCE:

This certified solution complies with the FCC portable RF exposure limits set forth for an uncontrolled environment and are safe for intended operation as described in the User manual. Further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

Canada:

ISED COMPLIANCE STATEMENT: This Certified Solution contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation of the Certified Solution is subject to the following two conditions: (1) This Certified Solution may not cause interference; and (2) This Certified Solution must accept any interference, including interference that may cause undesired operation of the Certified Solution.

DÉCLARATION DE CONFORMITÉ D'ISDE : Cette solution Certifiée contient un ou des émetteurs/récepteurs exempts de licence conformes aux RSS exempts de licence d'Innovation, Sciences et Développement économique Canada. Le fonctionnement de la Solution certifiée est soumis aux deux conditions suivantes : (1) Cette Solution Certifiée ne doit pas provoquer d'interférences ; et (2) Cette Solution Certifiée doit accepter toute interférence, y compris les interférences susceptibles d'entraîner un fonctionnement indésirable de la Solution Certifiée.

IC RF EXPOSURE COMPLIANCE: The product complies with the Canada portable RF exposure limit set forth for an uncontrolled environment and is safe for intended operation as described in the user manual. Further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

Déclaration d'exposition aux radiations: Le produit est conforme aux limites d'exposition pour les appareils portables RF pour les Etats-Unis et le Canada établies pour un environnement non contrôlé.

Le produit est sûr pour un fonctionnement tel que décrit dans le manuel de l'utilisateur. La réduction aux expositions RF peut être augmentée si l'appareil peut être conservé aussi loin que possible du corps de l'utilisateur ou que le dispositif est réglé sur la puissance de sortie la plus faible si une telle fonction est disponible.

IMPORTANT SAFETY INSTRUCTIONS

1. Do not drop, disassemble, open, crush, bend, deform, puncture, shred, microwave, incinerate, paint, submerge in a liquid, or insert foreign objects into the power bank.
2. Keep power banks out of the reach of children. Children should be supervised when a power bank is in use.
3. Do not expose power banks to heat or fire.
4. Do not store in direct sunlight or in a vehicle.
5. Do not use or charge a damaged power bank.
6. In the event of a power bank leaking, keep away from skin and eyes. Wash any affected area with large amounts of water and seek medical attention.
7. Power banks need to be charged before use. Always use the correct cable and refer to the power bank manufacturer's instructions for proper charging instructions. Do not use any cable other than that specifically provided or recommended by the power bank manufacturer. Do not use a damaged cable to charge or discharge a power bank.
8. Do not leave a power bank on prolonged charge when not in use. Disconnect the power bank from the charging source once full.
9. Observe the dedicated input and output ports for receiving and providing power on the power bank and the device to be charged to ensure correct use.
10. Do not use any power bank which is not designed for use with the device you wish to charge. Refer to the device's manual for proper charging instructions.
11. When possible, detach cable(s) from power bank when not in use.
12. Only use the power bank in the application for which it was intended.
13. Store the power bank in a cool, dry place when not in use.
14. When a power bank is not used for prolonged periods, the power bank should be charged periodically in order to maintain power bank life.
15. Dispose of power bank properly.

Keep all instructions provided with the power bank for future reference.
