Dear Sir or Madam:

We, Alinket Electronic Technology (Shanghai) Co. Ltd hereby declare that product name: Alinket Bluetooth Modular, model: ALX411 has been tested by BACL.

ALX41X and ALX411 are the same products, and just have the different model name due to market purposes.

ALX41X, the last "X" is representative of 1 to 9. That the use of different software. The difference between software has nothing to do with the RF frequency parameter changes.

Please contact me if there is need for any additional clarification or information.

Best Regards,
