Subject: Request for Short Term Confidentiality
FCC ID: 2AEMI-B404X

To Whom It May Concern:

In accordance with §0.457(d) and §0.459 of CFR 47, and KDB 726920, Particle Industries, Inc. hereby requests short term confidentiality for documents filed under the following exhibit types:

- External Photographs
- Internal Photographs
- Test Setup Photographs

until the product will be publicly announced.

Short term confidentiality release date / period: 180 days from grant issue date.

These items contain detailed system and equipment description and related information about the product which Particle Industries, Inc. considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, Particle Industries, Inc. also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

We are aware that exhibit types *cover letters, attestations, label document, test reports, RF exposure information (SAR and MPE reports)*, cannot be requested to be classified confidential and are thus subject to publication, as will be documents of all other exhibit types for which we have not requested a confidentiality classification.
