

Before you start

Cocoon connects to your mobile phone in order to protect your home.

Go to **cocoon.life/app** to download the Cocoon app to your iPhone or Android smartphone.

Attach the power cable to the plug and to Cocoon.

Where to put Cocoon

Although Cocoon will work anywhere in your home, please follow the guidelines to get the most from Cocoon.

Once you have found the optimum location for Cocoon, plug Cocoon into a mains power socket to get started.

Cocoon works best :

- On a flat surface
- Away from heat sources
- Near a mains power socket
- Where the camera has coverage of the main access point or thoroughfare in your property

Cocoon is ready to set up

Once plugged into the mains, Cocoon will glow yellow to show it's receiving power.

When the light turns blue, Cocoon is ready to set up.

Open the Cocoon app and select 'Set up a new Cocoon'.

What you'll need to do

You will be asked for details about you and the Wi-Fi network that you want Cocoon to connect to.

Cocoon will get your location from your smartphone and the app will send all this information to Cocoon using sound.

Remember that your phone needs to:

Be connected to Wi-Fi

Have location services turned on

A bright, modern living room with a white sofa and a wooden coffee table. The background features a white brick wall and a small wooden shelf with a photo and a plant.

Completing set-up

Cocoon will flash yellow for a few minutes while receiving a system update and configuring itself ready for use.

While Cocoon is completing set-up, you can invite other people to join your Cocoon household.

A woman with long dark hair, wearing a white sleeveless top, is sitting on a light-colored shaggy rug in a living room. She is leaning forward, looking at a smartphone held by a young child with blonde hair wearing a white t-shirt. Another young child with blonde hair, wearing a pink lace dress, is sitting next to them, also looking at the phone. To the left of the children is a large brown teddy bear. In the background, there is a white radiator under a large window with light blue curtains. A light blue pillow is on the rug in the foreground.

Everyone with a smartphone and access to your property should be included in your Cocoon household, so that Cocoon knows when your home is occupied.

Cocoon is ready!

When Cocoon glows green, set-up is complete and Cocoon is ready to use.

Cocoon will arm itself as soon as your property is empty, but should you need to, you can arm Cocoon yourself.

You can watch video anytime, and view recorded video when you get an alert.

Legal & Warranty Information

Using Cocoon Review the documentation before using Cocoon. Retain documentation for future reference, or see www.cocoon.life/legal for warranty information.

Warning Security systems cannot compensate you for the loss of life or property. Like all practical systems Cocoon has limitations and can be disabled by an intruder. Use Cocoon as part of a comprehensive security solution including high-quality locks and doors.

Safety and Handling Use indoors only. Do not use below 0°C or above 35°C. Do not install the product near a radiator or heat source. Do not cover the product. Keep cables out of reach of children and infants. Do not disassemble the product. There are no user serviceable parts inside.

Cocoon One-Year Limited Warranty Summary Cocoon warrants the included hardware product and accessories against defects in materials and workmanship for one year from the date of original retail purchase. Cocoon does not warrant against normal wear and tear (including cosmetic damage), or damage caused by accident (including spillage of liquid), abuse, alteration, improper storage, unusual stress, unauthorised repair or operation of the product outside the intended uses described by Cocoon. To obtain service visit www.cocoon.life/support. If during

this warranty period a defect arises and you submit a valid claim to Cocoon and return the product in accordance with our instructions, we will at our option, either (i) repair the product using new or refurbished parts (ii) replace the product with a new or refurbished product, or (iii) refund the purchase price of the product. In the event the product or component is no longer available, Cocoon will, at its discretion, replace your product with a product of similar function. This is your sole remedy under this warranty. A replacement or repaired product assumes the longer of the remaining warranty period of the original product or 90 days from the date of replacement or repair. Cocoon does not warrant that the operation of the product will be uninterrupted or error-free. Technical service or device repair may be restricted to original country of sale. Call charges and international shipping charges may apply. Warranty benefits are in addition to rights provided under local consumer laws. You may be required to furnish proof of purchase details when making a claim under this warranty. This limited warranty is transferable from the original owner to subsequent purchasers, but the warranty period will not be extended. This warranty does not cover products marked "sample," "Not For Sale," or "as is." This warranty does not cover products that have been subject to: (a) modifications, alterations, tampering, or improper maintenance or repairs; (b) handling, storage, installation, testing, or use not in accordance with the User's Guide, Placement Guidelines, or other instructions provided by Cocoon; (c) abuse or misuse of the product; (d) breakdowns, fluctuations, or interruptions in electric power or the telecommunications

network; or (e) Acts of God, including but not limited to lightning, flood, tornado, earthquake, or hurricane. This Limited Warranty does not cover consumable parts, unless damage is due to defects in materials or workmanship of the product, or software (even if packaged or sold with the product). Repairs are subject to the full terms and detailed information on obtaining service available at www.cocoon.life/legal.

Use our claim form located at www.cocoon.life/contact

LIMITATION OF LIABILITY. IN NO EVENT WILL COCOON BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, EXEMPLARY, OR SPECIAL DAMAGES, INCLUDING ANY DAMAGES FOR LOST DATA, LIFE, OR LOST PROFITS, ARISING FROM OR RELATING TO THIS LIMITED WARRANTY OR THE PRODUCT, AND COCOON TOTAL CUMULATIVE LIABILITY ARISING FROM OR RELATED TO THIS LIMITED WARRANTY OR THE PRODUCT WILL NOT EXCEED THE AMOUNT ACTUALLY PAID FOR THE PRODUCT BY THE ORIGINAL PURCHASER. There are no other warranties, express or implied, except as required by law. Implied warranties required by law include the implied warranty of condition of quality, merchantability and fitness for a particular purpose, and such implied warranties, if any, are limited in duration to the term of this warranty.

This Limited Warranty gives you specific legal rights. You may also have legal rights

specific to your state, province, or jurisdiction. In some cases, some or all of the limitations in this Limited Warranty may not apply in your state. In that case, the terms of this Limited Warranty will apply to the extent permitted by applicable law. For a full understanding of your legal rights please refer to the laws applicable in your specific jurisdiction. You also have the right to contact a relevant consumer advisory service.

Use with other equipment This product has demonstrated EMC compliance when used with the supplied power supply and cable. Use of the product with other equipment can void the user's authority to operate the product. The product must be plugged directly into a properly wired AC power line and must not be "daisy-chained" together in serial fashion with other power strips.

Power adaptor: KUANTECH

Model: KSA29B0500210D5

Input: 100-240V~50/60Hz 0.5A

Output: 5.0v 2.1A

IC and FCC Compliance Statement This device complies with Industry Canada license-exempt RSS standard(s). This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference

received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the equipment.

(1) To comply with requirements, a separation distance of at least 20 cm must be maintained between the antenna of this device and all persons.

(2) This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of

the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is needed.

Consult the dealer or an experienced radio/TV technician for help.

Avis de conformité aux normes d'Industrie Canada (IC) Cet appareil est conforme à l'article 15 de la réglementation FCC et à la norme RSS-210 pour appareils exempts de licence d'Industrie Canada. Son utilisation est soumise aux deux conditions suivantes : (1) cet appareil ne doit pas provoquer d'interférences nuisibles et (2) cet appareil doit accepter toute interférence reçue, y compris les interférences susceptibles de provoquer un dysfonctionnement .

Énoncé d'exposition au rayonnement radioélectrique. Cet appareil est conforme aux limites d'exposition au rayonnement radioélectrique stipulées par la FCC pour une utilisation dans un environnement non contrôlé. Cet appareil doit être installé et utilisé en respectant une distance minimale de 20 centimètres entre l'élément rayonnant et votre corps. Pour une utilisation mobile ou portée sur le corps, cet appareil a été testé et certifié conforme aux directives de la FCC relatives à l'exposition au rayonnement radioélectrique lorsqu'il est utilisé avec la

pince de ceinture fournie.

Cet émetteur ne doit pas être installé à proximité ou fonctionner en parallèle d'une autre antenne ou d'un autre émetteur. L'utilisation d'autres accessoires pourrait contrevenir aux directives de la FCC relatives à l'exposition au rayonnement radioélectrique. Cet appareil est également conforme à la norme RSS-102 d'Industrie Canada relative au code de santé 6 du Canada pour l'exposition humaine aux champs de radiofréquences.

FCC ID: 2AENXCS01A

Industry Canada ID IC: 21465-CS01A

Model No. CS01A

EU Compliance Statement: Cocoon Labs Limited hereby declares that this wireless device is in compliance with all applicable EU Directives including with the essential requirements and other relevant provisions of the R&TTE Directive. A copy of the EU Declaration of Conformity is available online at www.cocoon.life/legal.

Disposal The product must be disposed of in an environmentally friendly way, not treated as general household waste. See www.cocoon.life/support for more details.
