To whom it may concern:

Midnight Dawn LLC confirms that the product with FCC ID 2AETI-0610 meet the requirements of the KDB 748748 D01 Labelling Part 15 &18 Guidelines v08 section 4, because each of the following factors are satisfied:

- (1) The Device is handheld;
- (2) The FCC mark (including FCC ID ad model number) ("Mark") will be placed on the Device's battery compartment and Device's batteries will not be installed during marketing of the Device;
- (3) The Mark will not be located on a removable portion of the Device's battery compartment;
- (4) The Device's battery compartment does not require special tools to access;
- (5) The Device's user documents will direct customer on where to find the Mark; and
- (6) The Mark will meet all general labeling requirements.

Please let me know if you have any questions or concerns. Thank you in advance for your time and support of our request.
