

3R

3R

Let's get started.

### Quick Start Guide

1. Plug in your Chime.
2. Open the Ring app and select Set Up Device.  
Then follow the in-app instructions.
3. Scan this code.  
This identifies your Ring to make setup fast and easy.

1. If needed, slide the appropriate plug plate onto your Chime to match outlets in your region.
2. Plug Chime Pro into an outlet in an area between your Wi-Fi router and the Ring devices whose coverage you want to improve.
3. You'll know Chime is ready to set up when its light begins flashing slowly. If needed, press the Setup Button on the side to enter setup mode.
4. In the Ring app, tap "Set Up a Device," then tap Chimes.
5. Scan the QR code on the Quick Start Guide with your phone.
6. Follow the in-app instructions to complete setup.

#### IMPORTANT PRODUCT INFORMATION

Safety and Compliance Information  
Use Responsibly.

Read all instructions and safety information before use.

#### SAFETY INFORMATION

**FAILURE TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN FIRE, ELECTRICAL SHOCK, OR OTHER INJURY OR DAMAGE.**

Chime is for indoor use only.

Do not expose your device to liquids. If your device gets wet, carefully unplug the device without getting your hands wet and wait for the device to dry completely before plugging it in again. Do not attempt to dry your device with an external heat source, such as a microwave oven or a hair dryer. To avoid risk of electric shock, do not touch your device or any wires connected to your device during lightning storms. If the device appears to be damaged, discontinue use immediately. Do not cover the device while operating. Do not open the housing. Protect this device from sunlight. Disconnecting the plug will power the device off.

**WARNING:** Changes or modifications to this unit not expressly approved by the party responsible for compliance may void the user's authority to operate the equipment. This device should be installed and operated with minimum distance 20 cm between the radiator & your body.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules, which restrict the maximum radio frequency energy that can be radiated from a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and the receiver.
- Connect the equipment to a socket on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Pursuant to Section 15.21 of the FCC rules, changes or modifications to a Product by the user that are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The dealer meets the FCC Radio Frequency Emission Guidelines. Information on the product is available at [www.fcc.gov](http://www.fcc.gov) or found on the device) into the FCC ID Search form available at <https://www.fcc.gov/eet/feid>.

The party responsible for FCC compliance is Ring LLC, 1523 26th Street Santa Monica, CA 90404.

To contact Ring about the device's FCC equipment authorization, please write us at the address shown above or contact us using the following address: [legal@ring.com](mailto:legal@ring.com)

Additional information regarding the Chime FCC equipment authorization(s) can be found at: [ring.com/regulatory](http://ring.com/regulatory)
