

ring

1523 26th St.
Santa Monica, CA 90404

Models: Ring Motion Sensor (SM158), Ring Spotlight (SB158), Ring Steplight (SLD158), Ring Pathlight (SLP158), Ring Floodlight Battery (SB2158), Ring Floodlight Wired (SW2158), Ring Transformer (SAT158), Ring Solar Steplight (SAT157), Ring Solar Pathlight (SAT156), Ring Solar Floodlight (SAT155)

IMPORTANT PRODUCT INFORMATION

Safety and Compliance Information

Use Responsibly. Read all instructions and safety information before use.

SAFETY INFORMATION

FAILURE TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN FIRE, ELECTRIC SHOCK, OR OTHER INJURY OR DAMAGE.

Small parts may pose choking hazards. Keep device and box contents out of reach of children.

For models SM158, SB158, SLD158, SLP158, SB2158, SAT157, SAT156, SAT155, your device can withstand outdoor use and has been tested to withstand water projected through a 1/2" (13mm) nozzle at a volume of 100 liters per minute and a pressure of 100 kPa at a distance of 3 meters for at least 3 minutes. For models SW2158 and SAT158, your device is not certified to withstand outdoor use according to the UL Wet Locations requirements. However, for all models listed above, your device is not intended for underwater use. To protect against electric shock, do not intentionally submerge or immerse your device in water or expose your device to other liquids. Do not spill any food or beverages on your device. Do not attempt to clean or polish your device with or expose your device to oil, lotion, or other abrasive substances. Do not expose your device to pressurized water, high velocity water, or extremely humid conditions (such as a steam room). Do not attempt to dry your device with an external heat source, such as a microwave oven or a hair dryer. To avoid risk of electric shock, do not touch your device or any wires connected to your device during a lightning storm while your device is plugged in. If your device appears to be damaged, discontinue use immediately.

BATTERY SAFETY

HANDLE WITH CARE. This device may require batteries for use. Only use battery types that are specified for use with your device to power your device. Do not use any other type of battery to power your device. Do not mix old and new batteries. Insert batteries with correct polarity. Do not disassemble, open, crush, bend, deform, puncture, or shred or attempt to access the battery in your device. Do not modify or remanufacture the battery; attempt to insert foreign objects into the battery, or immerse or expose it to water or other liquids, exposure to fire, explosion or other hazard. Do not short-circuit the battery or allow metallic conductive objects to come into contact with battery terminals. Avoid dropping the device or battery. If the device or battery is dropped, especially on a hard surface, and the user suspects damage, do not attempt repair. Contact Ring Customer Service for assistance. Keep batteries out of reach of children. Remove all batteries before storing your device for an extended period of time. Replace batteries at regular intervals. Dispose of all batteries in accordance with applicable laws and regulations.

For models SM158, SB158, SLD158, SLP158, SB2158

Do not mix Alkaline, Standard Carbon Zinc, Rechargeable Nickel Cadmium or Nickel Metal Hydride batteries. Battery fluid may be toxic and corrosive. If batteries begin to leak, do not allow battery fluid to touch skin or clothing. Carefully remove the batteries and clean the battery compartment in accordance with the battery manufacturer's recommendations.

For models SAT157, SAT156 and SAT155

Your device may contain a removable, rechargeable lithium-ion Ring-branded battery or Quick Release Battery Pack ("Ring Battery Pack"). Only use the USB charging cable or solar panel that is provided in-box to recharge the battery or Ring Battery Pack. Do not use the battery or Ring Battery Pack with any device for which it has not been specified. Use of an unqualified battery or charger may present a risk of fire, explosion, leakage or other hazard.

Product Specifications

Electrical ratings:

Motion Sensor: 3 x AAA-cell batteries; Spotlight: 4 x D-cell batteries; Steplight: 3 x C-cell batteries; Pathlight: 4 x D-cell batteries; Floodlight Battery: 4 x D-cell batteries; Floodlight Wired: 110-240 VAC, 50-60 Hz; Transformer: 120 VAC, 60 Hz, 200 W maximum load; Solar Steplight: 5V DC 1A, 1 x 18650 Li-ion battery; Solar Pathlight: 5V DC 1A, 1 x 18650 Li-ion battery; Solar Floodlight: 5V DC, 1 x Quick Release Battery Pack

Operating conditions: Floodlight Battery, Solar Floodlight: -4°F to 122°F (-20°C to 50°C); Floodlight Wired: -4°F to 118°F (-20°C to 48°C); Motion Sensor: -4°F to 122°F (-20°C to 50°C); Pathlight, Solar Pathlight: -4°F to 122°F (-20°C to 50°C); Spotlight: -4°F to 122°F (-20°C to 50°C); Steplight, Solar Steplight: -4°F to 122°F (-20°C to 50°C); Transformer: -4°F to 122°F (-20°C to 50°C)

Recycling Your Device Properly

In some areas, the disposal of certain electronic devices is regulated. Make sure you dispose of, or recycle, your device in accordance with your local laws and regulations. For information about recycling your device, go to www.amazon.com/DeviceSupport.

For Canadian Customers

Innovation, Science and Economic Development Canada (ISED) Compliance.

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

64mm

84mm

Conformité Innovation Sciences et Développement Économique Canada (ISED)

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

Information Regarding Exposure to Radio Frequency Energy: This equipment complies with IC RSS-102 RF exposure limits set forth for an uncontrolled environment.

Information concernant l'exposition aux radiofréquences: Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé.

This equipment should be installed and operated with minimum distance 20 cm between the radiator and your body.

Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.

CAN ICES-3 (3)/NMB-3(3)

For United States Customers

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The party responsible for FCC compliance is Amazon.com Services, Inc.

410 Terry Ave North, Seattle, WA 98109 USA | Ring, LLC, 1523 26th St. Santa Monica, CA 90404 USA.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Information on this device is on file with the FCC and can be found by inputting the device's FCC ID into the FCC ID Search form available at https://www.fcc.gov/electronic_device_search.

The output power of the radio technology used in the Products is below the radio frequency exposure limits set by the FCC. Nevertheless, it is advised to use the Products in such a manner that minimizes the potential for human contact during normal operation. This device should be installed and operated with at least 20 cm between the radiator and your body.

General

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

Use of the product is subject to your registration with Ring and your agreement with the Terms of Service found at www.ring.com/terms
