1

CHARGING THE EARBUDS

The earbuds come with a built-in rechargeable battery. Before using it for the first time, we recommend you charge the battery fully. The headset charges automatically when it is stored into the top of the car charger.

CAUTION: Do not start your car with the car charger and headset plugged in. Doing so may cause a surge in voltage that may damage your wireless headset.

1. Start your car engine.
2. Ensure the headset is stored correctly into your car charger.
3. Insert the car charger into your car's 24V charging port.
4. The headset will automatically turn on.

TURNING HEADSET ON/OFF

Power On: When the headset is inserted into the car charger and plugged into your car port, they will automatically turn on.

Power Off: Once you turn off your engine, the car charger will immediately attempt disconnect you,

3

headset from your phone. After 15 minutes of inactivity, the headset will turn off automatically.

To take your headset with you when you exit the car, simply press the multifunction button once on the headset to keep your headset paired to your smart phone.

PAIRING THE EARBUDS

1. Ensure the earbuds are turned off. If they are not, please turn off the earbuds first before pairing.
2. Press and hold the multifunction button for 5 seconds until the red and blue LED flash alternative. This will indicate your earbuds are now in pairing mode.
3. Place the earbuds and the Bluetooth device to which you would like to pair it within the operating distance. We recommend keeping the two devices no further than 3 feet apart.
4. Ensure Bluetooth is enabled on your phone or music device. Refer to the manufacturer's instructions for how to enable Bluetooth on your device.
5. Once you have activated Bluetooth on your device, select the earbuds "VAU-MBH" from the list of available Bluetooth devices.
6. If required, enter the PIN code "0000" and confirm the entry.
7. Please note, pairing mode on the earbuds will last for two minutes. If no devices are paired after two minutes, the earbuds will automatically return to standby mode.
8. If pairing is unsuccessful, turn off the earbuds first and repair following the aforementioned steps. Once you have paired the earbuds with a device, the earbuds will remember this device and will pair automatically when the device's Bluetooth is activated and in range. You do not need to re-pair any previously connected devices.

USING FOR PHONE CALL

Last number re-dialing

In standby mode, press the multifunction button twice quickly, the last number you dialed will be re-dialed.

Answering a call

Press the multifunction button quickly to answer the incoming call.

3

When the headset is stored in the car charger, removing the headset from the car charger will automatically answer an incoming call.

Reject an incoming call

Press and hold the multifunction button for 2 seconds to reject the incoming call.

Ending a call

Press the multifunction button shortly to end a call.

When the headset is out of the car charger, placing it back into the car charger will automatically end the current call.

USING THE USB CAR CHARGER

The USB port is equipped with a powerful 2.4A output. This means your mobile device is charged at the fastest speed possible, and the output is strong enough to charge a tablet.

Simply plug your device's USB charging cable into the USB port and ensure your engine is turned on to charge your mobile device or tablet.

CARE AND MAINTENANCE

- Do not expose the headset to liquid, moisture, or humidity to avoid damage to the product's internal circuitry.
- Do not use abrasive cleaning solvents to clean the unit.
- Do not expose the headset to extremely high or low temperatures as this will shorten the life of the electronic device, destroy the battery, and/or distort certain plastic parts.
- Do not dispose of the earbuds in fire as they may explode or combust.
- Do not expose the headset to contact with sharp objects as this will cause scratches and damage.
- Do not let the earbuds fall from high places, as doing so may damage the internal circuitry.
- Do not attempt to disassemble the earbuds.

In the event that the earbuds do not function properly, return it to the store where it was purchased.

FCC STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Please note that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC INSTRUCTIONS FOR A CLASS B DIGITAL DEVICE OR PERIPHERAL

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

5

- Consult the dealer or an experienced radio/TV technician for help.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or experienced radio/TV technician for help.

WARRANTY INFORMATION

The condition of this warranty and our responsibilities under this warranty are as follows:

Supplier's warranty is non-transferable. And this warranty is limited to the original purchaser only.

* You must be able to prove the date of original purchase of the unit with a dated receipt.

* The warranty is not applicable if the product has been subject to physical abuse, improper installation, modification or repair by unauthorized third party.

* The responsibility of supplier's products shall be limited to the repair or replacement of the product as its sole discretion.

* Specifically exempt from any warranty are limited-life consumable components subject to normal wear and tear such as batteries, decorates and other accessories.

* A supplier will not take any responsibility if the failure of the unit has resulted from accident, abuse, misuse, or any unauthorized repair, modification or disassemble.

* Modification and repair of the unit should be done by authorized and qualified service personnel, Center or returned to the manufacturer.

* This warranty gives you specific legal rights, and you may also have other rights which vary under local laws.

The following conditions comprise the requirements and scope of our warranty conditions and do not affect our legal and contractual warranty obligations. We offer a warranty on our products in accordance with the following conditions:

- 1) Vibe™ products are covered by a 12 month warranty. We will resolve damages or defects on Vibe™ products free of charge within 12 months of the purchase date under the following warranty

6

conditions. For any damage or defect determined later than 12 months after the purchase date, proof of a manufacturing fault must be submitted for repair under warranty.

2) The warranty does not cover batteries and other parts, which are considered consumables, parts that break easily such as glass or plastic or defects based on normal wear and tear. There is no warranty obligation in the event of marginal differences compared to the target appearance and workmanship provided these have a negligible effect on the product's fitness for use, in the event of damage caused by chemical or electrochemical effects, by water or generally from abnormal conditions.

3) The warranty will be performed in such a way that we shall decide whether to repair the defective parts or to replace them with working parts free of charge. Vibe™ reserves the right to exchange the product for a replacement product of equal value if the product sent in cannot be repaired within a reasonable time or at a reasonable cost. Requests cannot be made for repairs to be carried out on site. Parts that have been replaced or exchanged become our property.

4) The warranty claim does not apply if repairs or other work is carried out by unauthorized persons or if our products are equipped with additional parts or accessories that are not approved for our product.

5) Warranties that have been activated do not cause the warranty period to be extended, nor do they trigger a new warranty period. The warranty period for any replacement parts installed ends with the warranty period for the entire product.

6) Any other further claims are excluded, especially those for replacement due to damage caused to the outside of the product, provided there is no obligatory legal liability. We therefore accept no liability for accidental, indirect or other consequential damage of any kind, which leads to usage restrictions, data loss, and loss of earnings or interruption to business

Asserting a warranty claim:

- 1) To make use of the warranty service for hardware issues, you must contact the Vibe™ Service Center by email at support@dglusa.com
- 2) Vibe™ will try to diagnose and solve your problem. If it is determined that a warranty claim exists, you will be

8

given an RMA number (Return Material Authorization) and will be asked to send the product to Vibe™.

IMPORTANT: Vibe™ will only accept parcels that have an RMA number. Please observe the following when sending the product:

- 1) Send the product suitably packaged with carriage and insurance paid. Do not enclose any accessories with the product (cables, chargers, manuals, etc) unless the Vibe™ Service Center specifies otherwise.
- 2) Mark the RMA number on the outside of the package in such a way that it is visible and clearly legible.
- 3) You must enclose a copy of the sales slip as proof of purchase.
- 4) Once Vibe™ has received the product, it will meet its warranty obligations in accordance with the warranty conditions and will return the product to the sender with carriage and insurance paid.

Service outside of warranty
Vibe™ can refuse any service claim made that is not covered by the warranty.

If Vibe™ agrees to provide a service outside the warranty, the customer will be invoiced for all repair and transport costs. Vibe™ will not accept any packages that have not first been approved by Vibe™ by means of an RMA (Return Material Authorization).

Please feel free to contact us with questions at: support@dglusa.com

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
