## 1. SAFETY INSTRUCTIONS

**CAUTION:** Keep the device away from children.

**Strangulation Hazard:** Children have STRANGLED in cords. Keep this cord out of the reach of children. Please do not let the power cord hang over the edge of a sofa, chair, or other furniture.

The signal strength may also be reduced by other solid structures. Like walls, or by radio interference from other electronic devices such as mobile phones, wireless routers, wireless lights or dimmer switches.

Other electronic devices, such as wireless networks (Wi-Fi) routers, Bluetooth systems, or microwave ovens, may interfere with this process. So keep the baby monitor away at least 5 feet (2 meters) of the area being monitored for optimum performance.

**Read and keep the instructions:** All the safety and operating instructions should be read before the equipment is operated. Follow all the instructions. Observe all warnings and instructions on the equipment and in the operating instructions.

**Warning:** This product is designed for indoor use only. The unit should not be exposed to sun, moisture, dripping or splashing. No objects filled with liquid should be placed on or near the unit, or beside the product, such as a glass or vase. This item should not be used near water.

**DO NOT** use the appliance near water or plug it damaged. If the baby monitor is not operating correctly, please contact the manufacturer or an authorized service center to request inspection and repair of the appliance in order to avoid any possible damage.

**DO NOT** attempt to repair or adjust any of the electrical or mechanical functions of the Parent Unit or the Baby Monitor.

**Ventilation:** This baby monitor should not be used on a bed, sofa, rug or similar surface that hinders air flow around the unit. Do not block the ventilation holes in the unit or draw air that may impede air flow.

**Keep the unit away from heat sources:** The unit should not be exposed to direct heat sources such as a candle, fireplace, heater, register, stove or other appliance that emits heat. The unit should not be left in direct sunlight.

**Note:** This baby monitor should not be used with any of the power adapters included in this package (Input 9V DC 1A).

**Damaged requiring service:** This unit should be serviced by qualified personnel only when damage has occurred.

**Shipping:** Do not ship the unit with liquid or liquid has been spilled into the product.

The units have been exposed to water.
