FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.

FCC ID: 2AF7A-A1

Warnings

◆To ensure proper use and trouble-free operation, please carefully read this user manual first.

◆For the first use, a full charge is recommended.

◆Please use and store the product at room temperature.

Other Instructions

Modes Switch

• Once powered on, the speaker enters Bluetooth pairing mode by default.

• •If it is inserted with a Micro SD card or an audio cable, double press the power button to switch modes in turns: Bluetooth mode → Micro SD card mode or Aux-in mode

• •If it is inserted with a Micro-SD card and an audio cable, double press the power button to switch modes in turns: Bluetooth mode → Micro SD card mode → Aux-in mode
Restart

If the speaker doesn't respond to any operation, press and hold the power button for 8 seconds to restart it.

LED Indicator

Blue light flashes after powered on
Blue light stays on after connected to a device
Blue light stays on while playing
Blue light flashes slowly when playing is paused
Blue light flashes rapidly at the max / min volume
Red light stays on while charging; when fully charged, red light goes off

Micro SD card slot

In the powered-on state, insert a Micro-SD card into the slot. It will play the music stored in the card automatically after two beeps.

Micro USB port

• Charging: use a DC 5V / 1A adaptor or connect it to a computer to charge the speaker

• Data transmission: in the powered-off state, insert a Micro SD card and then connect it to a computer. It will turn on and you can manage music files in the card on the computer.

Aux-in jack

In the powered-on state, insert an audio cable. It will beep to indicate a successful connection.

1. Press and hold the power button for more than 2 seconds until it beeps and the blue LED light flashes.

2. Turn on the Bluetooth of your device and select Mifa_A1. Once the connection is completed, the speaker will beep and the blue LED light will stay on.

Note1. The speaker will connect to the last-connected device automatically once the device's Bluetooth is turned on.
Note2. The operating range is about 10m / 33 feet and will be influenced by the surroundings.

Other Instructions
To connect to another device, press and hold the volume down and volume up buttons simultaneously for more than 2 seconds. The paired one will be disconnected and the speaker will enter the pairing mode.
To reconnect it to the last used device, short press the power button.
