

Bluetooth Speaker

Model: BS-26L

User's manual

Thanks for your purchase of our Bluetooth Speaker!

Like all our products, great care has been taken in its design. A combination of advanced engineering and state-of-the-art materials will provide you with years of listening pleasure.

Charging The Battery

- Before using, fully charge the battery using the supplied USB cable. Plug in to any USB port supplying power (Laptop, Computer, AC Charger, Car Charger, etc.).
- A solid red LED indicates that the speaker is charging, when fully charged it will turn off.

Power on/off

Move the power switch to the "on" or "off" side to power on /off the device.

Bluetooth® Pairing

With the Speaker turned on, it comes to pairing mode with flashing light. Open the Bluetooth® settings of your phone, tablet or other Bluetooth® enabled audio device and select **K5**. When prompted for the pairing code, enter **0000**.

Once paired, an audible voice will be heard.

Playing Music

- Select a song, artist, genre, or playlist on your phone, tablet or other Bluetooth enabled audio device.
- Press the play/pause button to start or pause the music.
- Press the next/V+ or the last/V- button to choose songs.
- Long pressing the next/V+ or the last/V- button to adjust the volume.

Hands-free for calling

- Answer or Drop a call by pressing the play/pause button once quickly.
- Reject a call by pressing the Play Button for about 3 seconds.

TF playing

- Play music of TF directly when insert in TF card.
- Turn to FM mode when press Mode button at TF mode.

Note

- After making or dropping a call the speaker will re-start your music.
- Press the light button to choose the LED mode: flashing with music – flashing – off

LED Indicator	Status of the speaker

- This Owners' manual

FCC Statement

- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 - Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation
