### [Statement]

Shenzhen Jide Technology Co., Ltd follows a sustainable development strategy. Except as provided in this document and to the maximum extent permitted by law, Jide shall not be liable for incidental or consequential losses or damages of any nature whatsoever including but not limited to lost profits or commercial loss, business interruption, loss of business information, loss of data, loss of privacy, or loss of confidentiality. Notwithstanding the foregoing and even if any remedy fails of its essential purpose, Jide and its suppliers entire liability under any provision of this limited warranty shall be limited to the amount actually paid for by the customer for the product. These exclusion apply even if Jide has been advised of the possibility of these damages.

[Hardware Specifications]

Product Name: Tablet  
Model: Remix Pro  
CMIIT ID: 000000000  
Manufacturer: Shenzhen Jide Technology Co., Ltd

Processor:

CPU: Qualcomm Snapdragon 652 octa-core processor  
GPU: Qualcomm® Adreno™ 510 GPU

Memory & Storage:

3GB LPDDR3; 32GB eMMC internal storage  
microSD slot supports up to 256GB storage expansion

Display:

12" Full-HD Retina IPS 10-point touch screen; 2160x1440p

Cams:

Front camera: 5MP  
Back camera: 8MP

Network Connection Support:

WLAN with 2.4Ghz/5Ghz duo frequency supports 802.11a/b/g protocol  
Bluetooth 4.0, WiFi Direct

Dimensions & Weight:

207mm x 289.5mm x 6.9mm; 640g

Power supply:

Supports quick charge  
Input: 100 ~ 240V ~ 50/60Hz  
Output: 9V 2.0A

Sensors:

Accelerometer/Gyroscope/Light sensor

## [Care and Maintenance]

The following suggestions will help you comply with the terms of the warranty and extend product life:

- Wipe the screen with a soft cloth to clean it. Don't use alcohol or other chemical cleaners on the screen.
- Do not attempt to cover or push objects into openings on your tablet unless instructed to do so in the tablet documentation supplied by Jide. This action might cause a short circuit, fire, or an electric shock.
- Do not use excessive force on the screen.
- Do not place heavy objects on your tablet.
- Do not use sharp objects on the screen.
- Do not place your tablet on any unstable surfaces. The tablet could fall, thereby causing serious injury to a person and serious damage to the tablet.
- Do not charge the product in the bathroom or places with high humidity. Please avoid water.
- Do not paint the product. Paint can clog moving parts and prevent its normal use.
- Do not use the product in a place where there are flammable or explosive gases, so as not to lead to product failure and accidents.

## [Safety]

Do not charge in the following places: in direct sunlight; when the temperature is below 10°C or above 40 °C in place of charge; damp, dusty or unstable places; nearby electrical appliances such TVs, radios and so on.

Do not use your tablet in any area with a potentially explosive atmosphere. Turn off the tablet, but also do not charge, so as to avoid accidents. Potential areas may include but not limited to: gas stations, below decks on boats, fuel or chemical transfer or storage facilities, liquefied petroleum gas transport, or areas where the air contains chemicals or particles etc.

Avoid having moisture, water or other liquids seep into the body or the keyboard, potentially resulting in overheating of the body or the keyboard, leakage and failures on your tablet unless instructed to do so in the tablet documentation supplied by Jide. This action might cause a short circuit, fire, or an electric shock.

This glass could break if the device is dropped on a hard surface or receives a significant impact. To reduce the risk of cuts if the glass chips or cracks, do not touch or attempt to remove the broken glass.

Do not use Jide Remix Pro with unofficial accessories or with an unspecified charger to avoid battery leakage, overheating, explosion or fire.

Jide will not be liable for equipment failures or accidents resulting from the use of accessories that do not have Jide designation or authorization.

The Limited Warranty does not apply to

1. cosmetic damage, including but not limited to scratches, dents and broken plastic on ports unless failure has occurred due to a defect in materials or workmanship;
2. damage caused by operating the product outside Jide's published guidelines;
3. damage caused by opening, service or modification provided by anyone who is not authorized by Jide; any evidence of peeling, puncturing, defacing or removal of any of the labels or serial number;
4. damage caused by accident, abuse, misuse, fire, earthquake or other external cause;
5. defects caused by normal wear and tear or otherwise due to the normal aging of the product.

FCC statement:

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or changes to this equipment. Such modifications or changes could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The SAR limit of USA (FCC) is 1.6 W/kg averaged over one gram of tissue. Device types Remix Pro (FCC ID: 2AF86-RP1) has also been tested against this SAR limit.

The highest SAR value reported under this standard during product certification for use when properly worn on the body is 0.487W/kg.
