- 2 Conecte o cabo de alimentação à WETEK.hub e depois a uma tomada elétrica.
- 3 Ligue a TV e selecione a entrada / fonte apropriada.

Antes de utilizar a sua WeTek Hub leia, por favor, atentamente todas as informações fornecidas e descritas nos termos e na política de confidencialidade, disponíveis através do link <https://wetek.com/terms>. Ao utilizar a sua WeTek Hub, aceita estar vinculado pelos termos de utilização do Acordo.

DE

Erste Schritte

- 1 Schließen sie das WeTek Hub an den Fernseher mit dem HDMI-Kabel an.
- 2 Schließen sie das Netzteil an das WeTek.hub und dann an die Steckdose.
- 3 Schalten sie ihren Fernseher ein und wählen sie den entsprechenden Eingang/Quelle.

Bevor sie die WeTek Hub benutzen, bitte lesen sie die Geschäftsbedingungen und die Datenschutzbestimmungen unter <https://wetek.com/terms>. Durch die Nutzung der WeTek Hub stimmen sie den Bedingungen der Vereinbarung zu.

IT

Come iniziare

- 1 Connettere il WeTek Hub al televisore tramite il cavo HDMI.
- 2 Connettere una estremità del cavo di alimentazione a WeTek Hub e l'altra ad una presa di corrente.
- 3 Accendere il televisore e selezionare la sorgente alla quale il dispositivo è stato connesso.

Prima di cominciare ad utilizzare il tuo WeTek Hub, leggi tutti i termini e le normative presenti su <https://wetek.com/terms> . Utilizzando il tuo WeTek Hub accetti i termini dei sopra menzionati Accordi.

FR

Comment commencer

- 1 Connectez l'appareil au téléviseur avec le câble HDMI.
- 2 Branchez le câble d'alimentation sur votre WeTek Hub puis sur une prise de courant.
- 3 Allumez votre téléviseur et sélectionnez l'entrée / source appropriée.

Avant d'utiliser votre WeTek Hub, lisez, s'il vous plaît, attentivement toutes les informations fournies dans les termes et politique de confidentialité sur <https://wetek.com/terms>. En utilisant votre WeTek Hub, vous acceptez d'être lié par les termes de cet Accord.

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful

interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

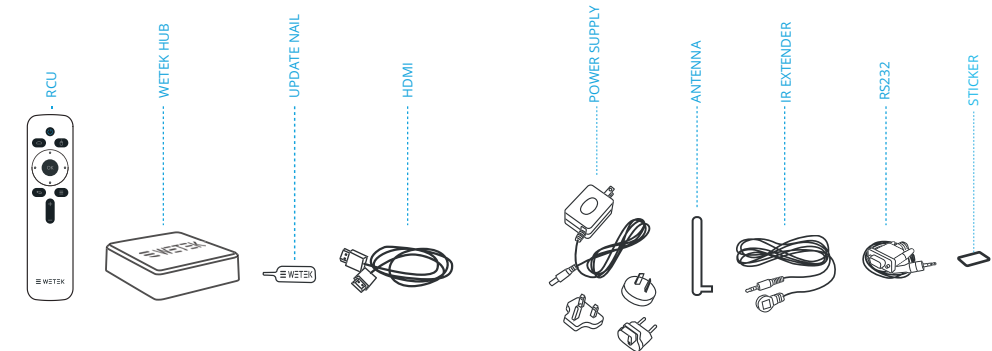

To maintain compliance with FCC's RF exposure guidelines, this equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body. Any emission is maintained within the band of operation under all conditions of normal operation. The max. frequency stability is less than 20ppm.
