- Turn on or off (2-seconds press)
- Activate pairing mode after initial set up (press until red/blue LED flashes)
- Check battery level (1 tap when power is on)

4

Get Connected

1. Ready

First time, right out of the box:
With earbuds turned off, activate Bluetooth pairing mode by pressing Power/Pairing button on. The LED flashes red/blue to indicate pairing mode.

Pairing new phone/reconnecting original:

With earbuds turned off, Press Power/Pairing button until the LED flashes red/blue.

2. Set

Activate the Bluetooth feature on your device, then use phone menus to "add," "search" or "scan" for new Bluetooth devices. Phones have different menus to select from:
iPhone: Settings > Bluetooth > On (starts the search for devices)
BlackBerry® smartphone: Settings/options > Bluetooth: On > Search for devices
Android™ smartphone: Settings > Bluetooth: On > Scan for devices

3. Connect

Select "AWEI MUSIC" from the list of Bluetooth devices shown on your device.
If device asks for a passcode, enter four zeros (0000). You may see **** on screen.
Some devices also ask to confirm connection after pairing.
The earbud's LED will stop flashing red/blue once successfully paired/connected.
You can now make a call using your device's keypad or voice-dialing feature and enjoy audio listening from your device.

5

Try It On

The right fit = the best audio:

For the best sound performance and a secure, comfortable fit, Be sure to adjust the earbuds to rest gently in your ear. And drape around the back of your neck. Use the provided fit kit to find the eartip that works best for you.

Learn More

Stay near your device:
Bluetooth has a working "range" of up to 33 feet between your phone and earbuds before audio degrades and the connection is lost. For best audio reception, keep your phone on the right side of your body.

Never miss a call:

You will hear an incoming call alert while listening to stored or streaming audio. When you take the call, you stored audio (downloaded tunes, video or podcasts) will pause.

Learn how to reconnect:

Your earbuds try to reconnect a lost connection. If they can't, then tap the Call button once or manually reconnect via your phone's Bluetooth menu.

Decipher the beeps:

If you have a call on hold, you will hear a beep every 5 seconds. If you are on mute, you will hear a beep every 30 seconds.
In addition, if you long-press certain buttons (more than 2-seconds press), a feedback beep will be heard (example, accessing the Voice control feature on your phone).

Juggle two calls:

You can take a second call and place the first call on hold by tapping the call button to accept the new call.
Switch between calls by pressing the Call button for a few seconds and you will hear a beep, indicating the switch is happening.

FCC IC warning statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

14

FCC IC warning statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
