Specifications of appendix

Specifications of appendix:	
Model#	Android Smart BOX
CPU	RK3288
Main Frequency	Quad-core ARM Cortex-A17 CPU with up to 1.8GHz and GPU is Mali-T764
Inner memory	2G DDR3
Memory	<input type="checkbox"/> 4G <input type="checkbox"/> 8G <input type="checkbox"/> 16G <input type="checkbox"/> 32G
Operating system	Android 4.4
User interface	Android system Interface style
Video	4K H.264/H.265 decoder, 1080P multi-video decoders

	1080P video encoding for H.264 and VP8, MVC
Audio	MP3/WMA/APE/FLAC/AAC/OGG/AC3/WAV etc.
Picture	Supports variety of image formats browsing (jpg, png, bmp etc.)
Flash	Supports flash
Storage Expansion	Support TF card and mobile hard disk expansion
TF card	Support up to 32GB capacity
HDMI	HDMI 2.0 3D HD output (1080P)
Wifi	2.4G
Rj45	Connection the wire network
Audio Optical	Supports Audio optical output
Remote control	Support IR remote and 2.4G Wireless remote
AV Out	Support AV out
Voltage parameters	5V-2.5A DC

* Note: Use MicroTF (SD) card, if you want to pull out the TF card, safe operation is the select Settings - > memory - > unload TF card.

Disclaimer Note: product appearance, technical parameter, function, price, please take the actual product and the product specification, nameplate shall prevail, as a result of technology to update the changes, without notice.

Federal Communications Commission (FCC) Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications made to this device not expressly approved by Ugoos industrial co., ltd may void the FCC authorization to operate this device.

Note: The manufacturer is not responsible for any radio or tv interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.
