### SETUP DIAGRAM

### REMOTE CONTROL

**Do more on your TV with your voice**

Search for shows, get recommendations, even control your TV faster with your voice. Ask Google for a list of shows on your big screen.

**Important notice**

The batteries of your remote control are 2 x AAA type 1.2V DC. Do not mix different types of batteries or new and old batteries. Do not use rechargeable batteries. In order to avoid any risk of explosion, observe polarities indicated inside the battery compartment. Use only with the type of batteries specified above. Do not subject to excess heat such as Sun/heat, do not recharge them. If you are not using the remote control for a long period of time, remove the batteries. Please respect the environment and recycling regulations. Batteries must be collected separately from other refuse. Before you dispose of batteries, ask your supplier whether they are subject to special recycling and if he will accept them for disposal.

### REMOTE CONTROL

**Pairing guide**

Long press Back+Home button at the same time, until the red light flashes quickly, then release that means IRD enter the pairing mode. Waiting for few seconds and stop pressing any buttons, until it pop up the message of pairing successful.

### ANDROID TV

**Complete the onscreen setup**

Follow the onscreen instructions using your remote to navigate through the setup process.

### ANDROID TV

Android TV brings a world of content to your biggest screen. Ask Google to search for the latest blockbuster, stream shows, or open multiplayer games. Have it dim the lights by connecting smart home devices. Manage tasks and see your calendar. Or ask if questions and see the answers on your TV. Press the Google Assistant button on your remote to talk to Google.

### SPECIFICATION

Hardware	
Chipset	Amlogic S905X4
RAM	4 GB DDR
Flash	eMMC 32GB
WiFi	WiFi 802.11 b/g/n/ac
Video	
Video Decoding	H.264/AVC (H.264) up to 4Kx2K@60fps VP9 Profile-2 up to 4Kx2K@60fps H.265 HEVC (H.265) up to 4Kx2K@60fps AVS2 Profile up to 4Kx2K@60fps H.264 AVC HP@L5 up to 4Kx2K@30fps H.264 AVC up to 1080P@60fps MPEG-4 ASP@L5 up to 1080P@60fps (ISO-14496) WMV/VC-1 SP/MP/HP up to 1080P@60fps AVS-PT6(AVS+) (AVS-PT6) 2Dun Profile up to 1080P@60fps MPEG-2 HP@H up to 1080P@60fps (ISO-13818) MPEG-1 MP@H up to 1080P@60fps (ISO-11172) RealVideo 8.9/10 up to 1080P@60fps
Video File Format	Support *.mkv, *.wmv, *.mpg, *.mpeg, *.dat, *.avi, *.mov, *.iso, *.mp4, *.rm, *.jpg, *.bmp, *.gif etc...
Video Output	HDMI 2.1, HDCP2.2
Aspect Ratio	Auto Fit Screen
Video Resolution	480/p, 576/p, 720p, 1080i/p and 4Kx2K
Power	
DC Input Range	12V 1A
Power Consumption	Maximum 12 W

### SAFETY INFORMATION

**CAUTION!** **NOTICE:** To prevent fire and electric shock, do not expose this receiver to rain or moisture. In order to avoid any possible risk of electric shock, never attempt to open the unit. In case of the unit breaking down, repair of the unit should be carried out by qualified technicians. No part of this unit should be repaired by users.

**WARNING!**

- Place the receiver in a well-ventilated location to prevent accumulation of internal heat.
- Protect the receiver from high temperatures, humidity, water and dust.
- Do not place any objects that might damage your unit near it (e.g. liquid filled objects or candles).

Google Assistant is not available in certain languages and countries.

## FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.

The use of the 5150 – 5250 MHz band is restricted to indoor use only. This restriction will be applied in all member states.

## **IC Caution:**

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

To maintain compliance with RF exposure guidelines, this equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Pour maintenir la conformité aux directives d'exposition aux radiofréquences, cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.
