Warranty

CDP-TZ01C's warranty obligations for this hardware product are limited to the terms set forth here in. Cerevo, as defined below, warrants this Cerevo-branded hardware product against defects in materials and workmanship under normal use for a period of ONE YEAR from the date of retail purchase by the original end-user purchaser ("Warranty Period"). However, this warranty does not apply:

- (a) if there is no purchase date, name or signature from the agent on the warranty, or the contents specified on the warranty are altered. The purchase date can be verified by a valid receipt.
- (b) to damage during transportation after the purchase.
- (c) to damage caused by accident, abuse, misuse, liquid contact, fire, earthquake or other external causes.
- (d) to damage caused by connection with other equipment.
- (e) to consumable parts, such as batteries.
- (f) to damage or trouble caused by use with non-Cerevo products.
- (g) to damage caused by operating the product outside the permitted or intended uses described by Cerevo.
- (h) to damage caused by service (including repairs and modifications) performed by anyone who is not a representative of Cerevo.
- (i) to damage caused by exposing the product outside of the recommended environment.
- (j) if the product is taken apart.

If a hardware defect arises and a valid claim is received within the Warranty Period, at its option and to the extent permitted by law, Cerevo will either:

- (1) repair the hardware defect at no charge, using new or refurbished parts that are equivalent to new in performance and reliability.
- (2) exchange the product with a product that is new or refurbished that is equivalent to new in performance and reliability and is at least functionally equivalent to the original product.
- (3) refund the purchase price of the product.

To the extent permitted by law, this warranty and the remedies set forth above are exclusive and in lieu of all other warranties, remedies and conditions, whether oral, written, statutory, express or implied. As permitted by applicable law, Cerevo specifically disclaims any and all statutory or implied warranties, including, without limitation, warranties of merchantability and fitness for a particular purpose and warranties against hidden or latent defects. A replacement product or part assumes the remaining warranty of the original product or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you. When a product or part is exchanged, any replacement item becomes your property and the replaced item becomes Cerevo's property. When a refund is given, the product for which the refund is provided must be returned to Cerevo and becomes Cerevo's property.

Cerevo does not warrant that the operation of the product will be uninterrupted or error-free. Cerevo is not responsible for damage arising from failure to follow instructions relating to the product's use.

Important: Please do not open this hardware. Doing so voids your warranty.

Except as provided in this warranty and to the extent permitted by law, Cerevo is not responsible for direct, special, incidental or consequential damages resulting from any breach of warranty or condition, or under any other legal theory. If you would like to request warranty service, please contact us.

FCC CAUTION FCC ID: 2AFL4-CDPTZ01C

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF warning statement: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC modular approval statements for OEM:

This product should not collocate with other radio.

If the FCC identification number is not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display a label referring to the enclosed module. This exterior label can use wording such as the following: "Contains Transmitter Module FCC ID: 2AFL4-CDPTZ01C" or "Contains FCC ID: 2AFL4-CDPTZ01C".

The module's antenna is internal antenna, and the antenna can't be replaced.

Hardware Precautions

Use this product in an environment that has a temperature between 32°~ 104°F (0°~40°C) and a humidity between 10% ~90%.

Do not use this product in any location that is subjected to direct sunlight, water, humidity, fire, or high temperatures. Doing so could damage the product or result in electric shock.
