

## Product Parameters:

Bluetooth Version: V4.2

Support Profile: HFP 1.6, HSP 1.2, A2DP 1.3, AVCTP 1.4, AVDTP 1.3 and AVRCP 1.5

Working Distance Range: 10m

Frequency Range: 2.402GHz-2.480GHz

Battery Specifications: 250mAh, Built-in rechargeable lithium-ion battery

Charging Voltage: DC5V

Charging Time: about 2 hours

Talking/Music time: about 4.5 hours

Standby Time: about 100 hours

## Items Included:

1. One Bluetooth headset
2. One USB to Micro-USB charging cable
3. One Aux-in cable
4. One User's Manual

## Button Description:

“”: ON/ OFF

“/V-”: **short** press for Next song/ **long** press to reduce volume

“/V+”: **short** press for previous song / **long** press increase volume

“”: Play/ Pause/ Answer Calls/ Hang off Calls/ Make Calls

**FCC STATEMENT :**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

**Warning:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**RF warning statement:**

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
