

Headphone Specifications:

Output Power: 15mW per channel (Dual Channel Stereo Sound)
Driver Unit Size: 40mm
Frequency Response: 20Hz-20KHz
Impedance: 32 Ω

Battery Information:

Built-in Battery: Lithium-Polymer
Battery : 300mAH DC 3.7V
Music playing time: Up to 6 Hours*
Charging time: 1-2 hours
*Approximate playback time. Battery life depends on individual use and may be slightly more or less than the time specified.

Bluetooth Information:

Bluetooth Specification: V2.1
Operating Distance: 10 Meters (Class II)
System Requirements: Bluetooth-capable device

Additional Connection Sources:

Audio Source: 3.5mm Auxiliary Input
Power Source: Built-in rechargeable battery or via USB cable

FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.
RF warning statement:
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Fold line

Charge It

- Plug the micro USB cable into the micro USB port on the bottom of the headphone, and connect the other end of the cable to either a computer USB port or to a USB-compatible car or wall charger.
 - The charging LED light will turn red.
 - When charging is complete, the LED light will turn off.
 - Charging time is approximately 1-2 hours.
- NOTE: Flashing red LED light will appear on bottom of right earpad to indicate when the headphone is low on battery.**

Turn It On/Off

- Press and hold the power button on the headphone's left earpad.
- The headphone will flash a blue LED light to indicate the headphone is turning on.
- To turn the headphones off, press and hold the power button for 2-3 seconds and a red light will flash 3 times to indicate it is turning off.

Pair & Connect With a New Device

- With the headphones powered off, press and hold the power button for about 8 seconds. The LED light at the bottom of the earpad will be flashing green & blue. Your headphones are now ready to paired.
- On your Bluetooth-enabled smart phone, tablet or media player, navigate to the Bluetooth settings menu, turn on the Bluetooth feature, and search for new devices.
- After a few seconds you will see "MERKURY BTH11" listed.
- Tap this model to select it. Headphone will prompt a sound and the Bluetooth LED will turn blue to indicate it's successfully paired with your device.
- If your device asks for a pin code, enter 0000 or 1234.
- If using the AUX feature connect one end of the included AUX cable to the headphone jack at the bottom of the headphone, and the other end of the AUX cable to your media player. The headphones will power off since they don't need to use battery while in the AUX mode.

Play

- Connect your device to the headphones via Bluetooth (refer to the "Pair & Connect" section) or via the included AUX cable.
- Open your favorite music app, select track and press play.
- Control the music, track & volume from your smartphone or from the on-ear button-dial controls on the headphones.
- All audio, including music, games, videos, and notifications will be routed through headphones. **NOTE: On-ear controls do not work through the AUX connection.**

Buttons & Functions

- 1 Power On/Off
- 2 Press: Play/Pause/Answer/End Call
- 3 LED Indicator
- 4 3.5mm AUX Input
- 5 Microphone
- 6 "+" Press: Increase Volume
Press & Hold: Next Track
"-" Press: Decrease Volume
Press & Hold: Previous Track
- 7 Adjustable Headband
- 8 Soft Headband
- 9 Comfortable Earpad
- 10 Micro USB Charging Port

Reconnect to Bluetooth

- You only need to pair your Bluetooth device with the headphones once.
- With your previously paired device's Bluetooth turned on and in range, turn on the headphones (refer to the "Turn it On" section)
- The headphone will automatically reconnect to the last Bluetooth device it was connected to.
- If you have a previously paired device that does not auto-reconnect, navigate to the Bluetooth settings menu on your device, turn on the Bluetooth feature, and select "MERKURY BTH11" from your list of paired Bluetooth devices.

Troubleshooting

No power

Recharge your headphones using the included micro USB cable. Check if there is an AUX cable plugged into the headphones. (Bluetooth capabilities will not function if AUX cable is plugged in). Try using a different micro USB cable.

Music is not playing over Bluetooth

Make sure your Bluetooth device has A2DP profile. Check if both devices are paired and connected over Bluetooth. Check if there is an AUX cable plugged into the headphones. Restart the headphones to reconnect your Bluetooth device. Forget the original connection and re-pair your device.

Bluetooth device will not reconnect with the headphone

Try powering off and then back on using the power button. If failed to pair within 3 minutes, see "Pair & Connect With a New Device" in this guide. Try using your headphones with a different Bluetooth device. Ensure Bluetooth is activated on your device. Forget the original connection and re-pair your device.
