SPEAKER

PRODUCT SPECIFICATIONS

- BT : 4.2
- Support: L2CAP/A2DP(AVCTP/AVDTP/AVRCP), can receive AUDIO signal and control the AUDIO device, support HSP/HFP(Handsfree profile), Built-in Mic for hands-free phone call
- Working distance: 10M
- SNR: ≥85db
- Battery:3.7V 1200mAh
- Normal playing time: 2H
- Speaker: Ø 66 mm plus* 1,
- Frequency response: 120 Hz-20KHz
- Unit size: L93*W93*H220mm
- Unit weight: 425g
- Charging: 5 V /500mAh

PRODUCT FEATURE

- 1.International advanced BT chip and circuit design techniques, support all BT device ;
- 2.Built-in Low-freq radiators, Super dynamic low-frequency sound pressure gain, listening transparent and flexible.
- 3.Can play music after pairing with BT device .for example

- mobile/ MID/ TV, the working distance is more than 10M.
- 4.Support AUX IN audio input
- 5.Built-in MP3 decoding, can directly play TF card, U disk
- 6.Build-in the FM radio module , convenient to auto scan and save radio channels.
- 7.With Mic for hands-free phone call function.

KEY & SLOT FUNCTION:

- 1.TF slot: it can decode and play MP3 format audio when put TF card into the slot
- 2.USB slot: it can decode and play MP3 format audio when put USB card into the slot
- 3.Mic
- 4.DC 5V charging slot:use the standard mini USB micro charging cable for power charging./ AUX : it can play audio via 3.5mm AUX cable to audio device.
- 5.Indicator light: blue when working , red when charging (indicator

- light off when full charging)
- 6.Power switch: long press for "on/off "
- 7.Switch mode: when play music (USB card/ TF card/LINE IN/ BT), press long to switch USB/TF/FM /BT.

- (switch to "line in" if via AUX cable to audio device) .When play music(USB card/ TF card/ LINE IN/BT), press short for "play/pause ". under BT mode with mobile paired ,press short to answer a call ,press again to hand up . in FM mode, press short to search station automatically, press again to stop searching)
- 8.When play music , press short for last song/last FM station, press long to turn down the volume.
- 9.When play music, press short for next song/next FM station, press long to turn up the volume.

Note: Under FM mode, put in the AUX cable to get better FM radio station

RESET: press button "play/pause "and the meantime connect the USB charging cable to reset the speaker.

FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

--Reorient or relocate the receiving antenna.

--Increase the separation between the equipment and receiver.

--Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

--Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
