

Tripleplus Shutoff Actuator – Antenna information

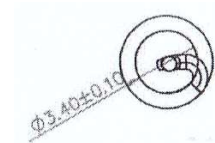

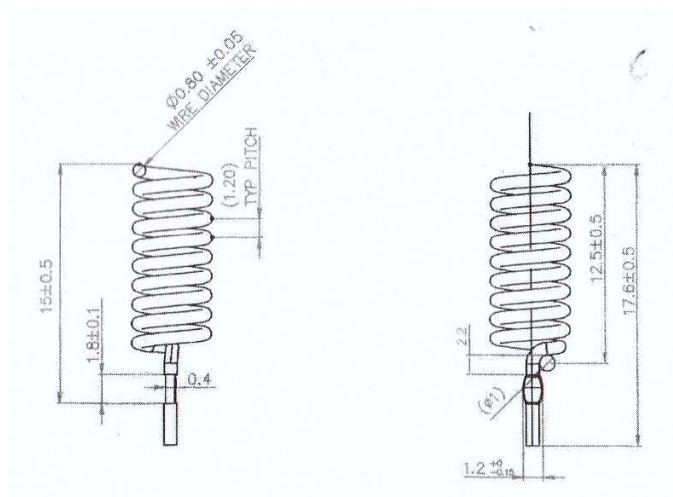

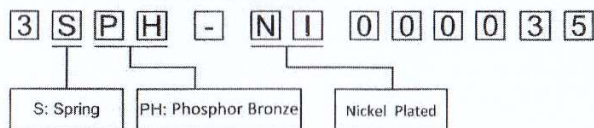

Antenna information

Tripleplus CBM (Cloud Building Management) Shutoff Actuator devices are all using the same Antenna, as described below.

ISM Antenna:

1. Antenna Type: Helical
2. Manufacturer: TriplePlus production
3. Frequency range: 902-928 MHz
4. Gain: -2 dBi
5. Input impedance: 50 Ohm

ORDER INFORMATION

Note:

1. Material: Phosphor Bronze wire
2. Plating: 15-micron min. Nickel electroless
