

Tripleplus Flood Family – Antenna information

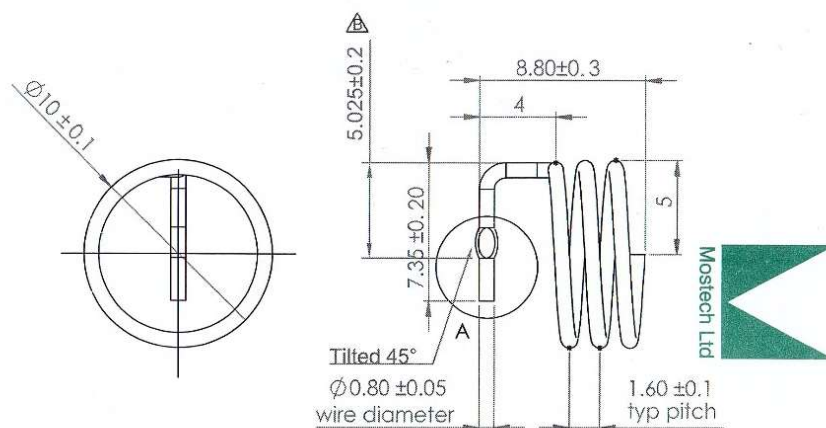

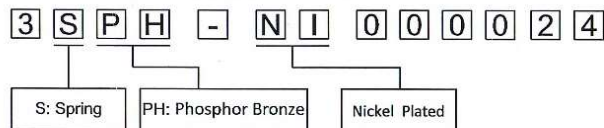

Antenna information

Tripleplus CBM (Cloud Building Management) Flood Family devices are all using the same Antenna, as describe below.

ISM Antenna:

1. Antena Type: Helical
2. Manufacturer: Tripleplus production
3. Frequency range: 902-928 MHz
4. Gain: -2 dBi
5. Input impedance: 50 Ohm

ORDER INFORMATION

Note:

1. Material: Phosphor Bronze
2. Plating: 15 micron min. Nickel electroless
