

## **Technical Description**

**The brief circuit description is listed as below:**

- 1) IC1 acts as a Bluetooth Module (AB1510).**
- 2) IC2 acts as a Amplifier (PAM8610).**
- 3) Y1 acts as the crystals for IC1.**

**Antenna Type: Internal antenna**

**Antenna Gain: 0dBi**

**The production tolerance range is from 100dB $\mu$ V/m to103.5 dB $\mu$ V/m at 3m**
