

YUKAI ENGINEERING
THE ROBOT COMPANY

YUKAI Engineering Inc.
101, Musashiya-sky bldg, 16-11, Tomihisa-cho,
Shinjuku, Tokyo, 162-0067 JAPAN

To Whom It May Concern:

YUKAI Engineering Inc. is applying for a Class II Permissive Change to the BROADCOM BLUETOOTH MODULE (FCC ID: 2AFXT-RB002-B). The original Modular Approval of the product prohibits co-location with any other antenna or transmitter. Additional host systems will require reassessment of radiated spurious emissions due to the lack of shielding on the module. The purpose of this Permissive Change is to allow the co-location of this device with Communication Robot YE-RB002G/YE-RB002T (FCC ID: 2AFXT-RB002-W).

Sincerely,

Date: 25 March, 2016
