Introduction

Thank you for purchasing these Coca-Cola True Wireless Earbuds (TrueBuds). To get the best use of this item, please read the user manual to make yourself familiar with the features and functions.

Safety Rules

1. Please follow the rules depicted in this manual closely to ensure your safety. Before using the product, we would strongly encourage you to read through this user manual.
2. Be wary of any edges, uneven surfaces, metal parts, accessories and its packaging to prevent any possible injury or damage.
3. Do not modify, repair, or dismantle the product. Doing so may result in fire, electric shock, complete breakdown of the product, etc. All of which are not covered under warranty.
4. Do not use any diluent or volatile liquid to clean the product.
5. Do not use the product in a hazardous location

Package Contents

Turning ON/OFF & Pairing

To turn ON

The TrueBuds will be on when they are removed from the charging case. You can also press and touch the TrueBuds for 2 seconds to power them on.

To turn OFF

Place TrueBuds back into the charging case and close the top. You can also press and touch the TrueBuds for 4 seconds to power them off.

To Pair TrueBuds

When you remove the TrueBuds from the charging case they will automatically pair to each other and you will hear a voice prompt "bt pairing mode". Now they are ready to be paired with your device.

Open the Bluetooth function on your smart device and make sure the Bluetooth settings are turned on. In the list of discovered devices you will see: "Coca-Cola TrueBuds". Tap or select it to connect. Once connected the blue LED light will start to flash very slowly.

Once the TrueBuds are successfully paired for the first time, they will automatically connect to your device whenever they are in range.

FCC Compliance Statements

FCC ID:2AFX-X-TWS

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

TrueBud Touch Functions

Touch Control	Left TrueBud	Right TrueBud
2 Second Touch	Power On	Power On
4 Second Touch	Power Off	Power Off
Single Touch	Play / Pause Answer / End a Call	Play / Pause Answer / End a Call
