(2) this device must accept any interference received, including interference that may cause undesired operation.

Important Information: FCC Statement

Caution: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.

Children shall not play with the appliance.

Cleaning and user maintenance shall not be made by children without supervision.

The appliance is only to be used with the power supply unit provided with the appliance.

FAQ

Q: Can't find device when pairing device?
A: 1. Make sure PAUBA is charged and turned ON.
   2. Make sure smartphone/tablet Bluetooth function is turned ON and the operating system meets minimum requirement.
   3. Make sure the icon of Bluetooth is displayed on the module.
   4. Make sure the distance between the phone and device is within 6 meters.

Q: How to clean the device?
A: For the module, it is not waterproof; hence, just gently clean with a soft dry cloth. For wristband, use pure water and avoid the use of cleaner, detergent, or bleach.

Q: When does PAUBA vibrate?
A: The vibration function notifies you of alarms, find your devices, and when it successfully pairs up with your Smartphone / Tablet.

Q: How do I turn off PAUBA?
A: PAUBA does not have any turn off mode. However, it automatically turns off its screen when it is not used for a period of time.

Q: How can I register the product warranty?
A: Please complete the online warranty registration
