

小米手机 · 包装标准图纸

料号：XXXXXXXXXXXX 版本：A

物料描述（名称）：C3E 入门指南 国际版

图纸发布日期：2019年05月16日

材料：

金东太空梭 105g 无光铜

基本结构工艺：

正背哑油

模切线

压线

基本印刷工艺：

专色

Pantone Cool Gray 8C

其他特殊注意事项：

供应商料号，请供应商根据规定自行补充并印刷

字体：Arial 3pt

120mm	<p>During SAR testing, this device was set to transmit at its highest certified power level in all tested frequency bands, and placed in positions that simulate RF exposure in usage against the head with no separation, and near the body with the separation of 5 mm.</p> <p>SAR compliance for body operation is based on a separation distance of 5 mm between the unit and the human body. Carry this device at least 5 mm away from your body to ensure RF exposure level compliant or lower to the reported level. To support body operation, choose the belt clips or holsters, which do not contain metallic components, to maintain a separation of 5 mm between this device and your body. RF exposure compliance with any body accessory, which contains metal, was not tested and certified, and use such body-worn accessory should be avoided.</p> <p>Legal Information</p> <p>This device may be operated in all member states of the EU. Observe national and local regulations where the device is used. This device may be restricted for use, depending on local network.</p> <p>Receiver Category 2 Ensure the power adapter used meets the requirements of Clause 2.5 in IEC60950-1/EN60950-1 and has been tested and approved according to national or local standards.</p> <p>Frequency Bands and Power</p> <p>This mobile phone offers the following frequency bands in EU areas only and maximum radio-frequency power:</p> <p>GSM 900: 35 dBm GSM 1800: 32 dBm UMTS band 1/8: 25 dBm LTE band 1/3/7/20/38/40: 25.7 dBm Bluetooth: 20 dBm Wi-Fi 2.4 GHz band: 20 dBm</p>	<p>FCC Regulations</p> <p>This mobile phone complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This mobile phone has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none">-Reorient or relocate the receiving antenna.-Increase the separation between the equipment and receiver.-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.-Consult the dealer or an experienced radio/TV technician for help. <p>RF Exposure Information (SAR)</p> <p>This device meets the government's requirements for exposure to radio waves. This device is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy. The exposure standard for wireless devices employs a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit set by the FCC is 1.6W/Kg. For body-worn operation, this device has been tested and meets the FCC RF exposure guidelines for use with an accessory that contains no metal and positions the device a minimum of 1.0 cm from the body. Use of other accessories may not ensure compliance with FCC RF exposure guidelines. If you do not use a body-worn accessory and are not holding the device at the ear, position the handset a minimum of 1.0 cm from your body when the device is switched on.</p> <p>FCC Note</p> <p>Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p>	<p>E-label</p> <p>This device has an electronic label for certification information. To access it, please select Settings> About Phone > Certification or select Settings, then type "Certification" into the search bar.</p> <p>Certification Information (Highest SAR)</p> <p>SAR 10g limit: 2.0W/Kg. SAR Value: Head: 0.557 W/Kg, Body: 1.166 W/Kg (5mm distance). SAR 1g limit: 1.6W/Kg. SAR Value: Head: 1.16 W/Kg, Body-worn: 1.13 W/Kg (10mm distance). Hotspot: 1.12 W/Kg (10mm distance).</p> <p>Model: M1903C3EH 1903 indicates the product will be launched after March, 2019</p> <p>Disclaimer</p> <p>This User Guide is published by Xiaomi or its local affiliated company. Improvements and changes to this User Guide necessitated by typographical errors, inaccuracies of current information, or improvements to programs and/or equipment, may be made by Xiaomi at any time and without notice. Such changes will, however, be incorporated into new editions of this User Guide. All illustrations are for illustration purposes only and may not accurately depict the actual device.</p> <p>Manufacturer: Xiaomi Communications Co., Ltd. 	65mm	260mm		

Thank you for choosing Redmi 7A

Long press the power button to turn on the device. Follow the on-screen instructions to configure the device.

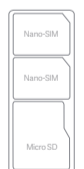

For more information

Visit our official website: www.mi.com.

MIUI

Redmi 7A comes pre-installed with MIUI, our customised Android-based OS which pushes frequent updates and user-friendly features suggested by over 200 million active users worldwide. For more information, please visit www.miui.com.

SIM Card Tray:

About Dual SIM:

- Dual 4G SIM requires the support of local telecom operator services, and may not be available in all regions.
- Supports dual nano-SIM cards. When using both SIM card slots, either card can be set as the primary card.
- Only certain regions and telecom operators support VoLTE.
- System updates may be applied when network optimization occurs. For details, please refer to the system version in use on the device.

Correctly dispose of this product. This marking indicates that this product should not be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle responsibly to promote the sustainable reuse of material resources. To safely recycle your device, please use return and collection systems or contact the retailer where the device was originally purchased.

For Environment Declaration, please refer to the link below: <http://www.mi.com/en/about/environment/>

CAUTION

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO INSTRUCTIONS.

Safety precautions

- Observe any law and rule which restricts using mobile phones in specific cases and environments.
- Do not use your phone in petrol stations and explosive atmospheres and potentially explosive environments include fuelling areas, below decks on boats, fuel or chemical transfer or storage facilities, areas where the air contains chemicals or particles, such as grain, dust, or metal powders.
- Obey all posted signs to turn off wireless devices such as your phone or other radio equipment. Turn off your mobile phone or wireless device when in a blasting area or in areas posted turn off "two-way radios" or "electronic devices" to avoid interfering with blasting operations.
- Do not use your phone in the hospital operating rooms, emergency rooms, or intensive care units. Comply with the current rules and regulations of hospitals and health centers. Please consult your doctor and the device manufacturer to determine if operation of your phone may interfere with the operation of your medical device. To avoid potential interference with the pacemaker, maintain a separation of 15cm between the mobile phone and the pacemaker. To achieve this, use the phone on the opposite ear to your pacemaker and do not carry it in a breast pocket. Do not use your phone near hearing aids, cochlear implants, etc., to avoid interference with medical equipment.
- Respect aircraft safety regulations and turn off your phone on board the aircraft when required.
- When driving a vehicle, use your phone in accordance with the relevant traffic laws and regulations.
- To avoid lightning strike, do not use your phone outdoors during thunderstorms.
- Do not use your phone to make calls while it is charging.
- Do not use your phones in places with high humidity such as bathrooms. Doing so may result in electric shock, injury, fire, and charger damage.

Security notice

Update your phone's operating system using the built-in software update feature, or visit our authorized service outlets. Updating software through other means may damage the device or result in data loss, security issues, and other risks.

EU Regulations

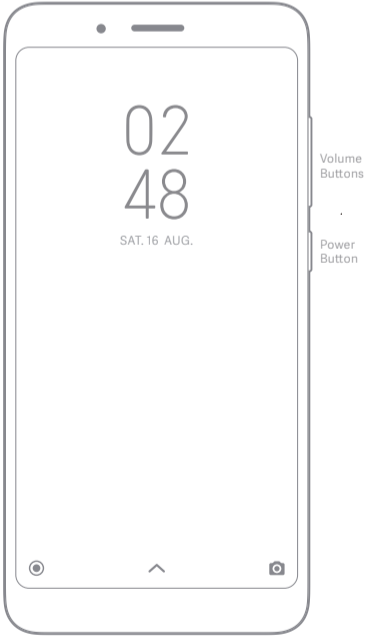

RED Declaration of Conformity

Hereby, Xiaomi Communications Co., Ltd., declares that this GSM/GPRS/EDGE/UMTS/LTE Digital Mobile Phone with Bluetooth and WiFi M1903C3EH is in compliance with the essential requirements and other relevant provisions of the RED Directive 2014/53/EU. The full text of the EU declaration of conformity could be consulted at www.mi.com/en/certification/

RF Exposure Information (SAR)

This device is compliance with Specific Absorption Rate (SAR) for general population/uncontrolled exposure (Localized 10-gram SAR for head and trunk, limit: 2.0W/kg) specified in Council Recommendation 1999/18/EC, and ICNIRP Guidelines, and RED (Directive 2014/53/EU).
