DOWNLOAD

For the best Mix360 experience, download the free ONvocal app, available for iPhone and Android.

WEAR

1. Place earbuds on magnetic stays at neckband ends.
2. For a more secure fit, bend neckband smaller than your neck size using the Flex Zones before wearing.
 - Bend only in the Flex Zone areas to prevent damage.
3. Put neckband on. One at a time, drape ear bud wires over each ear and squeeze foam tips before inserting, allowing foam to expand for optimal performance and sound isolation.
4. Slide wire cinch up or down to conceal excess wire.
5. Adjust microphone boom so it points toward the corner of your mouth.

*LED is red while charging and turns white when fully charged.

PAIR

1. Press and hold Power button to turn on the Mix360.
 - The LED flashes red and white to indicate pairing mode is active.
2. Enable pairing on your Bluetooth-enabled device.
3. Select "ONvocal" from the list of available devices.
 - If a PIN is requested, use "0000".

CONTROL

Adjust Music Playback, Volume, Ambient and Voice levels using buttons on the neckband.

- Briefly press Ambient or Voice buttons to enable or disable.
- Press and hold Ambient or Voice buttons to cycle through volume levels.
- Press Command button to answer/end calls or activate your phone's voice command app.
- Double press Play/Pause button to skip audio tracks while playing music; single press during a call to mute or un-mute the mic.

Use the free ONvocal app for finer adjustments of Audio, Ambient, and Voice levels for music and phone calls alike. Save your favorite settings as presets.

FEDERAL COMMUNICATIONS COMMISSION (FCC) STATEMENT

15.21 You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment. **15.105(b)** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation of the device.

FCC RF RADIATION EXPOSURE STATEMENT

"For body worn operation, this device has been tested and meets FCC RF exposure guidelines when used with an accessory that contains no metal and that positions the device a minimum of 5mm from the body. Use of other accessories may not ensure compliance with FCC RF exposure guidelines."

To comply with the FCC RF exposure compliance requirements, this device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

CANADA, INDUSTRY CANADA (IC)

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

DÉCLARATION DE L'EXPOSITION AUX RADIATIONS RF

Pour se conformer aux exigences de conformité RF canadienne l'exposition, cet appareil et son antenne ne doivent pas être co-localisés ou fonctionnant en conjonction avec une autre antenne ou transmetteur.
