**PAIRING BOTH EARBUDS**

**1 Turn on both earbuds**  
 Take both earbuds out of the case. The earbuds will turn on and pair to each other automatically.

**2 Pair the earbuds with your device**  
 Turn on Bluetooth on your device and choose "SOUNDPODS" from your list to connect. When the LED flashes blue, they are paired successfully. There will be a reminding voice saying "connected".

**Bluetooth usage:**

**1. Making phone calls:**  
 To use the earbuds are connected with your mobile phone. Once connected you can make phone calls. When using call, both earbuds will be working for hearing your voice.  
 To accept a call, short press the power button once.  
 To reject a call, long press the power button once.  
 Call can be answered by a short press to the power button twice when the earbuds are in charging case.

**2. Listening to music:**  
 Be sure the earbuds are connected with your mobile phone. You can listen to music on your mobile phone.  
 Short press the Power button to stop the music to reply your again.

**3. Power off:**  
 Long press the Power button until the LED red light is no longer red, then the Bluetooth device is turned off. The earbuds turn off automatically when earbud is away from Bluetooth device for a duration of over 5 minutes.

**4. Low battery**  
 When battery is low, there will be a reminding voice saying "Battery Low".

**Important information**

The earbuds will automatically power off when taken out from the charging case.  
 Both earbuds will automatically pair to each other when turned on.  
 The earbuds will power off if they don't connect to any device within 5 minutes. If the earbuds turn off, turn the earbuds on again by:  
 a) putting the earbuds back into the charging case and then take it out to power on.  
 b) manually turn it on by long pressing the multi-function button on the earbuds.

**PAIRING ONE EARBUDD**

**1 Turn on the earbud**  
 Take one earbud out of the case. The earbud will turn on automatically.

**2 Pair the earbud with your device**  
 Turn on Bluetooth on your device and choose "SOUNDPODS" from your list to connect. When the LED flashes blue, it is paired successfully. There will be a reminding voice saying "connected".

**Charging:**

**1. Charge your SoundPods case:**

- Plug in the charging case using the Micro USB cable instead.
- While the case battery is charging, the case LED indicator will be flashing red.
- When the case is fully charged, the light then will change to solid red.

**2. Charge your SoundPods:**

- Unplug the charging case from the micro USB cable.
- Place the earbuds inside of the charged case.
- Turn on the charging case by pressing the case power button once. The LED indicator will be solid blue.
- A solid red light on the earbuds will indicate that the earbuds are charging.
- A solid blue light on the earbuds will indicate that the earbuds are fully charged.

**NOTE:** The case must be charged in order to charge the earbuds. The earbuds will not charge while the case is charging. The earbuds and case do not charge simultaneously.

**FCC Statement:**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no assurance that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not expressly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure equipment. The device can be used in all portable exposure condition without restriction.
