WELCOME FRIEND!

You're looking great, I mean: *you're looking fantastic!* Oh, and you bought our exciting new product the Stone? You're a person of fine taste. The Stone is a remote you can stick on any surface, or take on the go - text friends, control music, snap selfies, and so much more!

LET'S GET STARTED

1. Download the App

Remember: you need a smart phone to use your Stone, otherwise it's just a rock. Downloading the app for your iPhone or Android device is simple. Enter pebblebee.com/download in your mobile browser to download the app, or visit the App Store/Google Play Store.

2. Set Up Your Stone

iOS - Connect to the Internet. Create an account and follow the on-screen prompts. Click "Add Device," Hold your Stone close to your phone and press the button.

Android - Connect to the internet. Tap "Sign up!" to create an account. Bring the Stone close to your phone and press the button. Wait 10-15 seconds. A bar will appear showing the unclaimed device. Press the button again to claim.

Note: Android App must be running to experience full feature set.

USING YOUR NEW STONE

The Button

You can assign two recipes to the button: one recipe for press and another for press-and-hold. Choose from a list of pre-made recipes, or create an account with IFTTT to make your own: <https://ifttt.com/join>

Tracking Mode

Your Stone ships with tracking mode disabled to extend battery life. Hold the button for 5 seconds to active tracking mode.

3 LED Flashed - Tracking Mode is Off

4 LED Flashes - Tracking Mode is On

SPECIAL INSTRUCTIONS

- Playing with your Stones does not make you go blind.
- Equity should never come between friends.
- Never buy a hammer from a dollar store.
- Learn more at pebblebee.com/support

FCC Caution:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

*RF warning:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
