Modular Approval Request

FCC ID: 2AG7VDR344-NAS27

The following attestation addresses the requirements to support modular approval:

| Modular approval requirement | Yes (provide brief statement) | No * |
|---|--|------|
| (a) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly | Yes, It has the shielding for RF. Ref. external photo | |
| (b) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal | Yes, it has buffered data inputs. Ref. schematic | |
| (c) The module must contain power supply regulation on the module | Yes, it is. Ref. schematic | |
| (d) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b) | Yes, it is use the MMCX connector on the module, and customer use new antennas, they should do FCC Certification | |
| (e) The module must demonstrate compliance in a stand-alone configuration | Yes, it is tested in a stand-alone configuration. Ref. conducted and spurious set-up photos in test report. | |
| (f) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements) | Yes, it is clearly indicated. Ref. label and label location. | |
| (g) The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements | Yes, it is compliant with all applicable FCC rules. Detail instructions are given in the User's Manual. | |

| Modular approval requirement | Yes (provide brief statement) | No * |
|--|--|------|
| (h) The module must comply with RF exposure requirements | Yes, it is complies with applicable RF exposure requirements. Ref. RF safety evaluation. | |

* Please provide a detailed explanation if the answer is "No."

Yours sincerely,
